opposition No. 91203191

Plaintiff

Mark FUTURE ADS

vs

Application no 76133905

Kent G Anderson
Defendant

In response to the Office Action of April 9, 2012 and in response to the USPTO letter enclosed; this response is being sent on 9/15/2012 to be on time. Included is evidence of patent application number 60/240194 filed on 10/16/2000. Also call upon my lawyers work for years to answer and prior cases and USPTO knowledge to answer the following and calling into question the opposer's usage ..and before 1998..

Plaintiff opposition for all goods and services in Class 09, class 016 , Class 028, applicant denies they have any rights to any marks they have claims to cancel any or all goods and services, the applicant has first usage..

In the conference call the applicant showed his passion for global people's FUTURE rights which the applicant of FUTURE is fighting for. This application is being destroyed as well as applicant ..and FUTURE IP for by the people is like a country by years attacks inferring fraud and trademark cancellations. The intent of the applicant is to help people globally have a place to recognize their ideas and place these products and services into the marketplace in a setting such as encompassed in or as a country. Applicant will never give up on the people FUTURE . Applicants request where is all of the opponent's and their associate's usage before 1998.

The applicant has and always have had and continuing ongoing bona fide intent and has and is in the ongoing process of finding business partners, investors, licensees, etc, legal help as noted in enclosed information. And evidence not limited to . At this time, the applicant is representing himself, but would appreciate more time to find legal counsel..

The applicant denies any of the opposition claims of fraud on the USPTO or infringement, as well as, any harm intended to the public or warehousing of rights as FUTURE is intended to include others. Facts is applicant had first usage and denies fraud... See applicants history always for by the people FUTURE .

Enclosed and included as evidence not limited to the global vision of the applicant's work at USPTO and was online in 1998 <http://www.geocities.com/visionaryman2000/index.html>. Followed by www.futurevisionaries.com. which is still alive active and has been hosted for years by inventnet.net

-inventnet.com and also online by use of milmntec@btigate.com -milmntec@btinet.net. Also search online history Kent Anderson or Kent G Anderson of Bismarck, ND. Applicant's visionary man 2000 was created in 1998. View domain names on Network Solutions and inventnet.net. Which is now inventnet.com. Information can be obtained on Kent G. Anderson at Google and My Space. Refer to www.uspto.gov history of Trademark filings before the creation of FUTURE ADS who applied after knowledge of the applicant's work.. Since then the use of infringement and accusations of fraud have been used to cancel .. applicant's FUTURE work..

The applicant as defendant denies all statements indicating fraud.. Applicant denies false statement in obtaining filings. The applicant denies the opponents priority use and entitlement to the use. Applicant denies any harm to the prosecutor; and denies their infringement claims. Fact is they're infringing applicant. The applicant has used the ability by working and every bona fide intention and genuine use for 12 years and continuing on the mark FUTURE for global people's ideas.. 76/188809, 76/437,630 76/634,950 were under attack by the opposition with the threat of fraud in oppositions which have damaged the applicant's efforts with the mark FUTURE.

The grounds for opposition by the opposer as follows:

"Future Ads LLC believes that it will be damaged by registration of the mark shown in application Serial No. 76/133905 and hereby opposes registration of that mark and application. Serial No. 76/133905 is an application of Kent G. Anderson filed September 22, 2000 and published for opposition in the Official Gazette on November 8, 2011. Opposer obtained lawful and timely time extension requests through and including January 7, 2012."

Response:

1) Applicant's prior rights has been damaged by years of trademark cancellations by hindering obtaining business interest , partnership, mergers, investors and licensees, etc. Applicant has ongoing prior rights before the opposer. The opposer has no rights .

4) Applicant denies opposer has priority of use as applicant had prior rights before April 13, 2008 as indicated in evidence. Opposer infringed on the applicant's earlier rights. And fact is opposer has no rights.

5) Applicant denies opponent has priority use. Fact s the opposer has no rights.

6) Needed is the evidence of the opposer's usage before they knew of applicant's prior work and ideas . Fact is that the opposer has no rights.

7) The mark defendant's mark FUTURE was filed before FUTURE ADS. Plaintiff has no rights

8) The mark defendant FUTURE was filed before FUTURE ADS. Facts are Plaintiff has no rights. Applicant has services and goods identified in US Trademark Application No. 76133905.

9) The mark defendant FUTURE was filed before FUTURE ADS. Facts are Plaintiff has no rights. Applicant has services and goods identified in US Trademark Application No. 76133905.

10) The applicant has used the mark FUTURE before April 13, 2008 as noted in enclosed evidence not limited to. And facts are the opposer has no rights.

11) The opposition FUTURE ADS has used cancellation tactics against the applicant's FUTURE for years so that the opposition can get their mark registered. And denies the opposer long and extensive use of its FUTURE ADS has achieved widespread and favorable public appearance and recognition and denies the opposer is entitled to any rights of any scope of protection or entitled to any use. Fact is the opposer has no rights..

12) Applicant seeks to register application serial No. 76133905 included goods and services filed in 2000.

13) Applicant denies fraud in filing of applications and denies the opposer any rights; not abandoned 76/188,809 , 76/437,630 ,76/634,950. Not abandoned they were attacked. Stolen. Denies the opposer own bona fide and frustrating opposer. Facts are the opposer has no rights; opposer knew of applicants rights and filed after applicant and infringed ..for years.

14) Applicant calls upon applicant's lawyers work for years to answer and prior cases in the USPTO knowledge and cases to address this opposition. And facts the opposer infringed and has no rights. Applicant has prior rights. See evidence not limited to.

15) Applicant calls upon applicant's lawyers work for years to answer and prior cases in the USPTO knowledge and cases to answer this opposition. And the opposer has no rights, and the applicant has prior rights. Facts are the opposer is infringing ..for years.

16) Opposer did not get the applicant's consent to use the mark as applicant has prior rights. Opposer has no rights. Applicant calls on the attorney's work and the knowledge of cases at the USPTO and see evidence not limited to. To answer opposition. facts, the opposer applied after applicant and infringed. See the evidence enclosed not limited to relevant to this case. Request where is all of the opposers and the associates usage before 1998.. The opposer canceled applicant's goods and services with threats of fraud.

The applicant denies that the opposer is entitled to usage and that the applicant can't file infringement claims as in 5,7,9 rights of any kind. The opposer went ahead knowingly and without the consent of the applicant. The opposer infringed ..applicants and people's FUTURE through applicant.

The applicant denies applicant has no usage, ability, intent to use the mark in commerce, goods and services as recited in the application. See true evidence not limited to relevant to this case.

Applicant denies opposer and public are entitled to have records of USPTO free of applications. Facts are that the applicant has the ability and the intent to perfect registration. Evidence not limited to and through people and applicant's ideas usage is shown. Also bring into evidence all of the infringes for 12 years knowing of 76133905 including the oppose that profited by applicant's prior rights and ideas. History would have changed if infringers would have contacted the applicant who would have been willing to work with them with the needed resources to 76133905 intent to use filed 12 years ago.

Denies opposer has the right to continue using the mark FUTURE ADS with any goods and services . They have no rights. Also applicant calls upon applicant's work for years to answer this.

Denies opposer has rights to continue the mark FUTURE Ads in connection goods or services. The opposer has no rights; the opposer knew of applicants prior rights ideas. The opposer failed to contact the applicant and infringed ..upon years of applicant's work and ideas.

Applicant and people and countries through applicant's ideas and work have every right to sue opposer and their associates for infringement ..claim. Applicant and associates have rights to claim pima facie rights. The USPTO decides.

17) Applicant reached out to individuals and companies who had the knowledge to in act the bona fide intention to use the mark in commerce on or in connection with the goods. Also see evidence not limited to. As a country FUTURE is design. The fact that up to now the applicant may have been unsuccessful in finding any licensees should not count against the applicant as any indicator of what the applicant's intentions were back in 2000 when the applicant filed the

application.

18) People's ideas are the product with the concept of FUTURE being similar to a country. Applicant has on going bona fide intent of using the mark not limited to the evidence enclosed. A very broad list of goods/service should not, in itself, be taken to imply any lack of bona fide intent to use over the whole of that specification. Just because genuine business plans may be very broad does not mean the applicant does not have a good faith intention. That intention may ultimately-perhaps only in hindsight-turn out to have been somewhat ambitious, but that does not negate the applicant's bona fide intent at the time of application.

19) Applicant denies 2000 it was 1998 denies that applicant has no promotion of goods or services over two years. See True applicant's www.geocities.com/visionaryman2000/index was created in 1998 created from continuing both were alive online followed by www.futurevisionaries.com which is hosted by inventnet.net. which is now inventnet.com. Domain names and correspondence are inclosed in the evidence not limited to. Applicant has also use social networking sites (see evidence) applicant has the ability and willing to learn knowledge to help all people all countries..

20) Applicant denies warehousing the mark FUTURE; it is intended to protect people's rights. Look at the history of applicant's fighting for people's rights and ideas.

21) Applicant denies lack of a bona fide intent to use the mark in interstate commerce on or in connection with all the goods identified in the application. Applicant with the intent of getting help of those who have financial and business resources and knowledge on using the mark did have do have a bona fide intent to use the mark in interstate commerce on or in connection with all the goods identified in the application. Look at the history of inventors. Even founders of USA had the idea of people working together. Look what they built with people that they believed in and not wanting to destroy them; people helped them succeed .

22) The applicant denies warehousing not taking actual step in forming a business partnership as the applicant has been and is continually seeking business partnerships worldwide for the development of FUTURE. See evidence not limited to.. If the bona fide intentions-surrounding very broad business plans at the time of application-were to turn out to be fruitless after a registration had been granted, such that genuine use of the mark could not be begun or sustained over the goods/services of the registration, then of course the continued validity of the registration could then be brought into issue if a 3rd party wished to do so. But that is an entirely separate matter potentially down the post-registration line.

23) The applications were not abandoned. They were attacked with accusation of fraud. See history fighting USA Monopolies vs people rights ideas FUTURE. Applicant still has always. had and possess a bona fide intent to use mark in commerce with all goods services identified in the application; see evidence not, limited to, how FUTURE is design like a country People and country's ideas are the product and or FUTURE is a country.

24) The applicant is seeking resources and knowledge from others to conduct a licensing operation for all goods and services. Applicant has made every ongoing serious efforts to license the mark or his applications, Look at the history of applicant being attacked with people and applicant's rights stolen; applicant has the resources and ability to genuine licensing, partnerships etc with countries and people on all goods and services recited in this application. See evidence not limited to. Applicant is always willing to learn and gain knowledge to work with people to save FUTURE. Along the lines of applicant having a lack of expertise in setting up or running a business, or running a licensing operation, or having a lack of financial resources, should be irrelevant to the issue of bona fide intention, including at the time of application. Even if a trademark applicant does have limited business knowledge or limited financial backing, such things are not, and in law have never been, a bar to be granted a

trademark registration, even if genuine use solely through licensing is the ultimate goal. The right to be granted a US registered trademark is not reserved solely for large corporations, or people who can demonstrate advanced business knowledge, or individuals or corporations that are necessarily wealthy.

25) Applicant is continually seeking investments and business partnerships. See evidence and history of fighting for people FUTURE . If such circumstances of a Registrant were to lead to a registered trademark granted to them ultimately failing to be used over the relevant goods or services in respect of which it is registered, then the law already provides other means (eg. Cancellation proceedings) by which 3rd parties' interests can be adequately protected and preserved. Such avenues are and remain open to Future Ads LLC (and anyone else) for the future-but such are not relevant to the present pre-grant opposition proceedings.

26) Applicant did not seek permits, bonds, or other permission with or making or selling alcoholic beverages. Companies who would obtain the license would have permits, bonds and other permission to make or sell alcoholic beverages.

27) Applicant denies intentionally pursuing a strategy of delay, non-participation or suspension of proceedings in the applicants filings in order to frustrate the registration of legitimate rights of others in or to the mark FUTURE for various goods and services. Facts are applicants and people FUTURE rights through applicants has been stolen by years of Trademark cancellations with tactics and trademark infringes the opposer included not limited to. Facts are the opposer has no rights.

28) Also applicant calls upon cases at The TTAB knowledge to save people FUTURE. The applicant denies filing faked specimens for the purpose of deceiving the USPTO. Applicant denies that the applicant has engaged in a pattern of fraud on the USPTO. Applicant calls upon prior cases and individual people fighting for global people's rights. Plaintiff attacks applicant's trademark and then the intent to use filed before the opposer. The applicant denies any abuses or vexatious filter of trademarks. Applicant denies having any bad faith with intent of helping others seeing their ideas realized for and by global individual rights and ideas of people and countries through 12 years of ongoing work and ideas. See evidence not limited to. There is also public interest to fight monopolies and tactics with cancellations to steal so they can get there mark registered. Count one – Fraud on the United states Patent and Trademark Office
Applicant denies count 1 Fraud or any Fraud .

29) Applicant has indicated denial on specific allegations of paragraphs 1-28.

30) Applicant denies that the applicant had no bona fide intent to use mark.

And lacked financial resources . Applicant calls upon USPTO knowledge of cases known and applicant attorneys work for years fighting for applicant for people individual FUTURE . Also see applicant's evidence enclosed not limited to. Applicant has never given up and will never give up on people FUTURE .

31) Applicant denies any wrong doings. The applicant denies any false representations The applicant denies willfully directing false statements to be executed within he declaration of his trademark application. The applicant denied allowing or directing false statements to be relied upon in the examination and allowance or the application and denies any intent to deceive the USPTO. The applicant denies knowingly making false, material representations of fact in connection with his application to the USPTO and denies any fraud on the government. Applicant calls upon cases of inventors, visionaries who want to help all people all countries. Applicant has always had the intent continuing bona fide intention to help all people in all countries. Even the founders of USA was founded on idea to help people. Applicant also calls upon evidence, not limited to. to see who applicant is and reaching out for help since 2000.

Count Two Abandonment

Applicant denies Count Two Abandonment

Applicant denies repeats the allegations of Paragraphs 1 to 31 of this opposition
Facts are the opposer has no rights and the applicant has always and continues bona fide intent
to use mark FUTURE in commerce in the United States in connection with every one of the
goods identified in 76133905 filed in 2000; also in fighting monopolies for by the people
individual ideas and rights. See applicants evidence and not limited to.

The applicant has never given up on the intentions of global people's FUTURE with years of
being in contact and have contacted and reached out online and the social media for years with the
search for partnerships, investments, or licensing. Some of the contacts were USA Presidents, USA
corporations, the Crown Prince of Saudi Arabia, Kingdom Holding Company of Saudi Arabia, HRH
Prince alwaleed and in contact for years with Hazim Al dosary Head of investment relations at
kingdom holding company. Hope pend inclosed as evidence not limited to
<http://www.myspace.com/kentganderson/> Applicant's information is on Google Kent Anderson, Kent
G Anderson, Face book, My Space, Link in Twitter- all used in reaching out for years to save global
people's FUTURE..

The applicant request to view FUTURE ADS usage from -1998 and associated companies. Applicant
denies any knowledge of their prior usage or how the applicant's ideas were being infringed.
Applicant has ongoing intention of usage since -1998 as indicated online where applicant has been
seeking business partners and investments. The applicant has every right and the people through
applicants 12 years of ideas and work has every right to claim infringement..- against the opposer
FUTURE ADS and any of their associates.

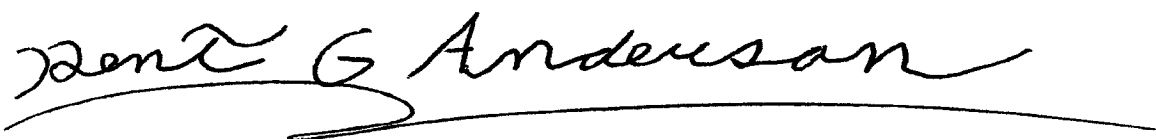

The applicant request the Trademark Trial Appeal Board to review the history of the applicant's work
for global people's ideas vs. corporation monopolies and the oppositions -used to cancel the mark. The
applicant's mark FUTURE predates FUTURE ADS. The applicant calls upon the applicant's years of
work and the attorneys work in cases to save global people's FUTURE with in the knowledge of the
Trademark Trial Appeal Board. The cancellations of 76133905 would have devastating -effects on the
FUTURE mark, as well as, pending applications. Applicant request relief from the opposition -of
FUTURE ADS for the mark FUTURE. Also applicant denies count 1 FRAUD AGAINST THE
USPTO. The applicant has every bona fide intention of using the mark FUTURE as indicated in fight
for people's rights vs. monopolies as noted with PEP BOYS, Lincoln National Corporation, as well as,
FUTURE ADS. Fact is the opposer and their associates have no rights to any of goods and services in
76133905 and applicants they attacked with the intention to steal FUTURE so they get their marks
registered. Applicant has every intention to FUTURE helping people and countries.
applicant relies on FUTURE has every intention FUTURE to help our world and its people and
countries see evidence not limited to .

Applicant can be reached at 701-223-0639 for questions.

Applicant prays for judgment not be entered vs applicant for saving global people FUTURE
and prays for judgment be entered vs the opposer for years of infringement-
and to save 76133905 from FUTURE ADS and the applicant not be declared Void ab initio.
WHEREFORE, applicant respectfully request that this Notice of Opposition be dismissed.

Respectfully submitted ,

Mailed: July 19, 2012

Opposition No. 91203191

Future Ads LLC

v.

Kent G. Anderson

**Robert H. Coggins,
Interlocutory Attorney:**

This case comes up on applicant's motion (filed May 3, 2012) for an extension of time to retain counsel and to file an answer to the notice of opposition.¹

Telephone Conference

On July 18, 2012, at approximately 3:30 p.m. EDT, the Board exercised its discretion and conducted a telephone conference to resolve the motion. Participating in the conference were Kent G. Anderson, applicant, appearing pro se; Christopher J. Palermo, counsel for opposer; and the above-referenced Board attorney responsible for resolving interlocutory matters in this case.

¹ Although the motion was received on May 3, 2012, it was accompanied by a certificate of mailing dated April 30, 2012. See Trademark Rules 2.196 and 2.197.

The Board considered the arguments raised by both parties in the supporting motion and brief in opposition. The Board presumes familiarity with the issues, and for the sake of efficiency this order does not summarize the parties' arguments raised in the motion or brief, or the parties' statements made during the telephone conference. Instead, this order lists the decisions made by the Board.

Change of Correspondence Address

The Board noted opposer's change of correspondence address (filed May 9, 2012).

Motion for an Extension of Time

The Board granted applicant's motion to the extent that applicant was allowed thirty days from the date of the conference (i.e., until August 17, 2012) in which to retain counsel, and sixty days from the date of the conference (i.e., until September 17, 2012²) in which to file an answer or otherwise properly respond to the notice of opposition. The extension of time to answer effectively provides applicant with additional time in which to find counsel.

The Board noted that this opposition proceeding was instituted almost seven months ago, but no answer is yet of record. Proceedings have been suspended since January 30,

² Although sixty days from July 18, 2012, is September 16, 2012, that day is Sunday; therefore, pursuant to Trademark Rule 2.196, applicant is allowed until September 17, 2012 (i.e., the next business day) in which to answer.

2012, pending resolution of issues related to applicant's counsel. While applicant has shown that he has actively searched for counsel, the Board, in balancing applicant's desire for counsel with opposer's right to have proceedings advance, stated that any future extension of time to answer based on applicant's search for counsel must be accompanied by a showing of extraordinary circumstances, failing which the Board may not grant an extension.

In addition to permitting representation by counsel, the Patent and Trademark Office Rules permit a party to a Board proceeding to represent himself. See Patent and Trademark Office Rule 11.14, 37 C.F.R. § 11.14.

Schedule

Proceedings were resumed, and dates were reset on the following schedule:

Applicant's Time to Retain Counsel	8/17/2012
Time to Answer	9/17/2012
Deadline for Discovery Conference	10/17/2012
Discovery Opens	10/17/2012
Initial Disclosures Due	11/16/2012
Expert Disclosures Due	3/16/2013
Discovery Closes	4/15/2013
Plaintiff's Pretrial Disclosures	5/30/2013
Plaintiff's 30-day Trial Period Ends	7/14/2013
Defendant's Pretrial Disclosures	7/29/2013
Defendant's 30-day Trial Period Ends	9/12/2013
Plaintiff's Rebuttal Disclosures	9/27/2013
Plaintiff's 15-day Rebuttal Period Ends	10/27/2013

Opposition No. 91203191

In each instance, a copy of the transcript of testimony together with copies of documentary exhibits, must be served on the adverse party within thirty days after completion of the taking of testimony. Trademark Rule 2.125. Briefs shall be filed in accordance with Trademark Rules 2.128(a) and (b). An oral hearing will be set only upon request filed as provided by Trademark Rule 2.129.

Application No	76133905	Publication date	11/08/2011
Opposition Filing Date	12/29/2011	Opposition Period Ends	01/07/2012
Applicant	ANDERSON, KENT G 925 N GRIFFIN BISMARCK, ND 58501 UNITED STATES		

Goods/Services Affected by Opposition

Class 009.

All goods and services in the class are opposed, namely: Blank magnetic data carriers, namely, recording disks; automatic vending machines and mechanisms for coin operated apparatus, cash registers, calculating machines, data processing equipment, data processors and computers; fire extinguishers; blank magnetic data carriers, cell phones, telephones, personal computers, computers, television and cable set-top boxes; VCRs, car stereos, camcorders, video cameras, TV cameras, electric cables, video converters, televisions, motion picture cameras; movie projectors, satellite systems comprised of antennas, radio stereo tuners and audio speakers, enclosure for speakers; slide projectors, radio receiving apparatus, microphone and electric switches, intercoms; wireless room monitors, sound receivers, amplifiers, turntables, walkie-talkies, CD players, compact discs players, digital video disc players, digital video recorders, video game consoles for connecting to a TV set or computer display, radios, phonographs, radios incorporating clocks and video cameras; prerecorded audio cassettes and pre recorded audio tape featuring music; prerecorded video tapes featuring science fictions films; blank compact disc, video game cartridges, video game machines for use with televisions; video game software; prerecorded audio and video tapes featuring music, musical artist, bands, vocalist, entertainers, live performances, science fiction and reality films; computer disc, cd-roms, video discs, laser discs, DVD discs, music video discs, and records featuring science fiction films and entertainment, music and motivational recordings; computer workstations

comprising computer hardware; notebook computers, laptops, desktop computers, modems, mouse; operating system software; server software for use in server based e-mail processing and for use in web server optimization and for use in creating information portals deployed on the Internet, network management software for use in server based e-mail processing, for use in web server optimization; computer utility programs; computer software development tools; computer software for use in security and authentication; computer programs for operating computer peripherals, hand held computers, personal digital assistants, radio pagers, game consoles, digital video disc (DVD) players, digital video recorders, and public communication kiosks; application and business software, namely, platforms for programming and application development software for developing multi language programs; software for validating programs; game software for use on computers and video game players; browser software for computer networks and global communication networks; computer programs for managing communication and data and information exchange over computer networks; software for use in web interactive educational software with entertainment components for facilitating the understanding and application of scientific or language arts information, problem solving skills, and/or identification and retention of informing and accompanying materials distributed as a unit; microcomputers, microprocessors, microchips, word processor and spreadsheet software; memory cards, interactive video game programs; interactive multimedia computer game programs, computer game software and hardware; components, namely, electronic computers, peripheral adapters, electrical connectors; cd-rom featuring music videos, science fiction and reality games; interactive computer game software; interactive video games of virtual reality comprised of computer hardware and software, children's educational software and videotapes, communication servers, computer and video game apparatus adapted for use with television receivers and accompanying manuals; printers, laser printers, lasers not for medical use, holders for compact disks, integrated circuit chips for use as component for the game software, integrated circuits, jackets for computer disks; and hand held personal computers, joysticks for video games, electronic personal organizers and industrial process control software, facility management software, facsimile machines, computer screen saver software, computer search engine software, computer screen filters, computer commerce software to allow use to perform electric business transactions via a global computer network, computer fax modem cards, computer game equipment containing memory device, namely, discs, computer interface boards, computer game graphics and interface boards, computer network hubs, CD drives for computers, digital video drives, digital cameras, digital radios, computer operating system back up systems for computers, video game machine for use with televisions, dry cell batteries, sunglasses, carrying cases for portable electronic devices, headphone, audio cassette players and recorder, CD players, and DVD players, magnets sub woofers, remote controls for radios, stereos and television sets, blank video tapes, photographic slide transparency, covers for telephones not made of paper, magnetic encoded telephone calling cards and transportation cards, electronic telephone answering machines, telephone amplifiers, and radios; blank audio and video recording tapes, keyboards, electronic keyboards, video displays in the nature of CRT for use in the connection with computer displays to computer, data cassette recorders, resistance wires, compasses, telescope, eye glasses, microscopes, magnifying lens photocopy machines, battery testers, DC power supplies, and electrical components, namely, connectors, wires, router clips, switches transistors, resistors, amplifiers for each regulator circuits and system processor, electric switch signal amplifier, auto built noise filter, car odometers, tire balancing machines, tire pressure gauges, speedometers for vehicles, and cruise control units for vehicles, automobiles, aircraft, land craft, water craft, and spacecraft; telephone equipment, namely, telephone plugs, telephone jacks, telephone wires, mobile data receivers, digital phones and cords; warning devices, namely, motion detectors, theft alarms, smoke alarms, fire alarms and fire trucks; camcorder tripods, cable TV converter, electric door chimes, thermostats, AC power cords, audio connectors, audio connection adapters, power transformers, AC DC voltage adapters, DC power transmitters, transducers, transistors, transceivers; sports goggles, sport whistles, sports helmets; swimming goggles, scales for laboratory use, semiconductor devices and chips, signal processors, silicon chips, sirens, slide projectors, slot machines, sonar specialty holders for carrying cellular phones, pagers, personal digital assistants and receivers; chargeable electric batteries, regulator for use in scuba diving, remote cursor controls for computers, rifle scopes, satellite processors, satellite navigational system, namely, a global positioning system, computer network interface devices, printed circuit boards, electric cables, programmable digital television recorders, projections screens, public address systems, radio frequency controlled locks, radon detectors, reading glasses; portable listening devices, namely, CD and MP3 players, electric cords and blank videotapes; pressure gauges, preamplifiers; optical character recognition apparatus magnetically encoded credit circuit cards, parking meters, periscopes, microwave ovens for laboratory use; electric door openers, electronic

game programs, gaming machines, electronic safes, emergency warning lights, garment steamers, timers, electric door bells, electric light switches, carbon dioxide detectors, cash registers, compasses, blank electronic chips, underwater breathing apparatus, bicycle helmets, beepers in the nature of pagers, football helmets; electric hair curlers, irons, hot brushes, combs; electric signs; guitar amplifiers, CD players and compact disc players; audio cassette decks for simulators; vehicle locating, tracking and security system comprised of an antenna and radio transmitter to be placed in a vehicle; motion picture films in the films of documentaries and education; wireless remote control units, used for radios, televisions, stereos, video games, DVD players multi-media software recorded on CD ROM used for education and music; educational software featuring instruction in math, reading, language arts, science, social studies; encoded smart cards and encoded electronic chip cards containing programming using layout data on magnetic strip cards, for creating custom cards and for use as encoded credit cards, encoded debit cards, and pre-paid encoded telephone cards; wireless remote control units for use with climate control, systems consisting of digital thermostats, remote cursor control for computers; electronic publications, namely, books, magazines, manuals all in the field of medicine, technology, and education recorded on computer media; security systems comprising of facilities management software, computers, timers, security monitors; optic vehicle locking systems comprising of laser detector, namely, modulated laser lights from keys, optic detector, optical transmitter, optical receiver, cables for optical signal transmission, vehicle cylinders, electronic warning horn and electronic locks; programmable locking system consisting of electronic cylindrical lock sets and keypads using radio frequency device, remote door lock/unlock, backup battery; band equipment, namely, guitar amplifiers, instrument amplifiers and sound mixers

Class 016.

All goods and services in the class are opposed, namely: Paper, cardboard and goods made from these materials, namely, boxes, stationery, newsprint, tablets, notebooks, card stock; bookbinding material, namely, book binding covers, paper, tape and wire; mounted photographs; stationery; adhesives for stationery or household purposes, artists' materials, namely, paint brushes; office requisites except furniture, namely, typewriters; printers' type and printing blocks; printed matter, namely, newspapers and novels, children books, story books, posters, stamps, poster books and comic books; books concerning sports, financial, transportation, education entertainment, retail, hospitality, health care, syndicated columns dealing with editorial advice, life sports and special interest topics; stickers, postage stamps, gift cards, greeting cards, trading cards, paper goods and printed matter, namely, address books, books containing screen plays, scrapbooks, diaries, invitations, personal organizers, activity books, greeting cards, books for role-playing art books, coffee table books, travel book, religious books, romance novels, printed menus, printed paper signs, recipe books, printed art reproductions, lithographic prints, printed awards, printed certificates, printed emblems, printed forms, pictorial prints, picture books, picture postcards; newspaper cartoons, hotel directories, encyclopedias, general feature magazines, sketches, portraits, photo engravings, graphic art reproductions, graphic novels, hectographs, motivational cards, musical greeting cards, illustrations, etchings and autographs of famous people, coloring books, computer game manuals, cook books, architectural plans and specifications; baby books, crossword puzzles, Christmas cards, phone books, city directories; books in a variety of products, namely, entertainment, finance, education, hobbies, aircraft, computer programs, and blue prints; bumper stickers, anniversary books, announcement cards, book plates, book marks, checkbook holders and covers, non electric personal planners and organizers, stationery, paper dolls books, paper gift tags, cardboard figures, temporary tattoos; school office supplies, namely, erasers, pencils, pens, markers, pencil cases, pencil sharpeners, pocket pen shields, fountain pens, pocket secretaries, portable desks, paperboard, paperweights, pen and pencil trays, pen cases, pen and pencil holders, ball point pens, felt tip pens, rubber bands, rubber stamps, notepads, paper clip holders, paper clips, paper cutters, paper containers, paper envelopes, paper fasteners, notepads, label printing machines, leather book cover, letter openers, office supplies and products, namely, dividers for files, mechanical binders, holders for desk accessories, folders, office lettering machines

Class 028.

All goods and services in the class are opposed, namely: Games and playthings, namely, toy dolls, toy action figures, stuffed toys, plush toys, bendable toys, mechanical toys, inflatable toys, electronic action toys, board games, card games, hand held units for playing electronic games, arcade games, infant toys, sand toys, ride-on toys, radio controlled toys vehicles, sketching toys, stuffed toy animals, toy cooking ware, doll clothing, pop-up toys, soft sculpture toys, water toys, construction toys, wind up toys, action skilled games, toy pails, balloons, toy candy dispensers and holders, toy vehicles, stand alone video game machine; high bounce balls, Christmas tree decorations; costume masks,

paper face masks, toy pedal cars, play sets for action figures, play sets for toy vehicles, skateboards, dimensional puzzles, playing cards; Gymnastic and sporting articles, namely, golf clubs, baseball bats, soccer balls, soccer nets, hockey sticks, hockey pucks, footballs, tennis nets, tennis rackets, tennis balls, golf balls, soccer balls, basketballs, basketball nets, kick balls, badminton nets, badminton rackets, jump ropes

Grounds for Opposition

NOTICE OF OPPOSITION

Future Ads LLC believes that it will be damaged by registration of the mark shown in application Serial No. 76/133905 and hereby opposes registration of that mark and application. Serial No. 76/133905 is an application of Kent G. Anderson filed September 22, 2000 and published for opposition in the Official Gazette on November 8, 2011. Opposer obtained lawful and timely time extension requests through and including January 7, 2012.

The grounds for opposition are as follows:

1. Future Ads LLC is legally organized as a California limited liability company and has a place of business at 1920 Main Street Suite 550, Irvine, California 92614 ("Opposer").
2. Upon information and belief, Kent G. Anderson is an individual having a residence address of 925 N. Griffin, Bismarck, North Dakota 58501 ("Applicant").
3. Opposer is the owner of US Trademark Registration No. 3560478 for the mark FUTURE ADS for entertainment services, namely, providing online computer games and tournaments; providing computer games accessible network-wide by network users; organizing, conducting and administering online computer games and tournaments whereby multiple parties play and compete against each other for monetary and other prizes for the purpose of promoting the goods and services of others; providing information in the field of online computer games; providing a website in the field of online computer games.

4. Opposer has used the mark FUTURE ADS in connection with the foregoing services and related services since at least as early as April 14, 2008. Opposer has priority of use with respect to Applicant for the services identified in US Trademark Registration No. 3560478. Opposer's registration is valid and subsisting under the Trademark Act.

5. Opposer is the owner of US Trademark Application No. 77484135, filed May 27, 2008, for the mark FUTURE ADS for design and development of computer software for others, namely, design and development of software to display websites and advertisements on the internet and to conduct e-commerce transactions for advertising, marketing and promotion purposes; providing online non-downloadable computer software, namely, software that creates, manages, administers and monitors the status of online marketing and advertising campaigns for others. The USPTO has suspended examination of Opposer's application 77484135 pending completion of examination or opposition in multiple other applications filed by Applicant for the mark FUTURE.

6. Opposer has used the mark FUTURE ADS in connection with the foregoing services and related services since at least as early as April 14, 2008. Opposer has priority of use with respect to Applicant for the services identified in US Trademark Application No. 77484135.

7. Opposer is the owner of US Trademark Application No. 77484102, filed May 27, 2008, for the mark FUTURE ADS for marketing and promotion services and related consulting; brand imagery consulting services; dissemination of advertising via the internet, websites, and computer games; dissemination of advertising for others via the internet, websites, and computer games; promoting, advertising and marketing the sales of goods and services of others through distribution and electronic transmission of advertising over a global computer network; providing information in the field of marketing and on-line marketing media via the internet; design of advertising materials for others; design of internet advertising; displaying advertisements for others; development of marketing strategies and advertising programs for advertisement on the internet and online advertising campaigns generating banner ads, videos, text link and contextual display advertisements for others. The USPTO has suspended

examination of Opposer's application 77484102 pending completion of examination or opposition in multiple other applications filed by Applicant for the mark FUTURE.

8. Opposer has used the mark FUTURE ADS in connection with the foregoing services and related services since at least as early as April 14, 2008. Opposer has priority of use with respect to Applicant for the services identified in US Trademark Application No. 77484102.

9. Opposer is the owner of US Trademark Application No. 77484077, filed May 27, 2008, for the mark FUTURE ADS for downloadable computer games; computer game software; computer software for creating, managing, administering and monitoring results of online marketing and advertising campaigns; computer e-commerce software to allow users to perform electronic business transactions via a global computer network. The USPTO has suspended examination of Opposer's application 77484077 pending completion of examination or opposition in multiple other applications filed by Applicant for the mark FUTURE.

10. Opposer has used the mark FUTURE ADS in connection with the foregoing services and related services since at least as early as April 14, 2008. Opposer has priority of use with respect to Applicant for the services identified in US Trademark Application No. 77484077.

11. By reason of Opposer's long and extensive use of its FUTURE ADS mark, the mark has achieved widespread and favorable public appearance and recognition and has become an asset of great value as a symbol of Opposer's services and goodwill. Opposer has invested significant and valuable time and money in promoting its services under the mark FUTURE ADS and Opposer continues to use and promote these services under the FUTURE ADS mark. By reason of Opposer's continuous, exclusive and widespread use of the mark FUTURE ADS, which use Opposer has never abandoned, Opposer's mark FUTURE ADS is entitled to a broad scope of protection.

12. Applicant's application Serial No. 76/133905 seeks to register the mark FUTURE for goods and services including the following:

IC 001. US 001 005 006 010 026 046. G & S: Absorbing carbons for general industrial use, agar, antifreeze, anti-static spray for clothing, automotive brake systems leak sealant,

automotive rust inhibitors, tire inflator sealers; botanical extracts for use in making cosmetics, brake fluid, catalysts for use in manufacturing of industrial chemicals and rubber; chemical gasoline additives for fuel treatment, chemical additives for use with internal combustion engines, chemical additives for fuel treatment, chemical additives for use with internal combustion engines, chemical gasoline additives, not lubricant additives for automobiles; plant foods, lacteal to be used in the manufacture of food stuffs; food preservative compositions; unprocessed plastics in all forms; manure, fire extinguishing compositions, tempering and soldering preparations; tanning agents used in the manufacture of leather; waterproofing chemical compositions; chemical additives for use in the manufacturing of food, pharmaceuticals, cosmetics and a wide variety of goods; Adhesives used in construction and manufacture industries, glues for use in construction and building industries, biochemicals used in genetic engineering, vitro research vitro scientific or research, catalysts for chemical and biochemical processes; cells for scientific laboratory or medical research; unprocessed artificial resins as raw material in the form of powders, liquids or pastes; fragrances for use in manufacturing for general manufacturing purposes

IC 002. US 006 011 016. G & S: Rust preservatives in the nature of a coating; protective coating, namely, a water repellant suitable for application to natural and synthetic fabric; clear coating protectant for vehicles

IC 004. US 001 006 015. G & S: Petroleum based dust absorbing compositions for use in road building, sweep, and dustlaying; fuel for motor vehicles, namely, gasoline, diesel, ethanol

IC 005. US 006 018 044 046 051 052. G & S: Dietary and foods supplements comprising of vitamins, minerals, herb plants, concentrates, protein powder, fat acid fiber, algae and aminicides, health supplements, vitamin and mineral supplements; laxatives, meal replacements powders, diet capsules, diet pills, dietary drugs and food supplements, appetite suppressant; medicated baby oils and ointments, food for babies, namely, dietary supplements for articles of food which contain vitamins and or minerals and protein supplements in powder form; plasters materials for dressing wounds, burns and surgical dressing; material for stopping teeth decay,

dental wax, all purpose disinfectants, wound adhesives, adhesive bandages; all purpose disinfecting preparations, fungicide, herbicide for domestic use; antiseptics in an aerosol container, hemorrhoid cream and ointments, medicated anti-dandruff shampoos and cream rinses; tampons, throat lozenges, tranquilizers, pain relief medication, ovulation and pregnancy test kits, petroleum jelly for medical use, pharmaceutical anti-cold preparations, anticoagulants, antidepressants; pharmaceutical preparations, namely, anticoagulants; pharmaceuticals, namely, inducers of erections; pregnancy test kits, pharmaceutical preparations for fertility enhancement, preparations for relief of pain, preparations for treating colds; medicated nose drops, eye drops, nasal spray, preparations for treating colds and headaches and allergies, nutritionally fortified beverages, nutrition drinks used as a meal supplement, irrigating eye solutions used for the eye; medicated animal food, medicated chewing gum, medicated foot powder, medicated shampoo preparations, medicated bandages, medicated balm lotions for skin, hemoglobin, hemorrhoid treatment preparation, herbal anti-itch and sore skin ointments for humans, herbal supplements, and herbal teas for medicinal use; hair growth stimulants. diarrhea medicines, chemical agent dog repellents, douches, central nervous system stimulants, clinical medical re-agents, cold and sore throat preparations, contraception foam sponges, corn and callus cream, cough drops; cough lozenges; cough syrups, cough treatment preparations, aspirin, blood plasma, blood substitute for human use, burn relief medication, calcium, calcium supplements, air deodorizer, weed killers for domestic use; animal semen, anti-insect spray; antiseptic for surgical and non surgical use, anti-bacterial pharmaceuticals, antibiotic creams, medicated hand washes, antibiotics, antidotes, antiseptics, acetaminophen for adhesive bandages, and allergy capsules, allergy medications, allergy relief medications, allergy tablets, water-based personal lubricants, veterinary vaccines and dermatological pharmaceutical products; pharmaceutical preparations for the treatment of infectious diseases, gastric intestinal diseases, pulmonary diseases, cancer, gout, allergies, diabetes, skin diseases, central nervous diseases, hormonal diseases, depression, heart disease, and blood disorders

IC 006. US 002 012 013 014 023 025 050. G & S: Crucibles of common metal and their alloys; metal strips and sheets; metal building materials, namely, soffits; metal for railway tracks, non electric cables and wires of common metal, portable prefabricated metal buildings and bridges, rocket launching platforms of metal; small items of common metal hardware, namely, trophies, monuments, pewter figures, metal telephone booths; metal doors, siding, trims, railings, facets, sinks, toilet, bath tub, metal roofing, metal safes, metal key holder rings, metal boxes, metal locks, metal gates, common metal holiday ornaments, metal dog and cat tags, metal keys, metal exterior blinds, non-electric door chimes, metal chests, metal clamps, metal clothes hangers, metal hooks, general purpose metal container for storage, metal letter boxes, metal key ring holders, metal door knobs, metal garage doors, prefabricated portable metal closets, metal awnings, metal ladders, cans of metal, pipes and tubes of metal, aluminum foil and tool boxes of metal

IC 007. US 013 019 021 023 031 034 035. G & S: Engines not for land vehicles; incubators for eggs; snow blowers; mufflers for automobiles and vehicles engines and motors; internal parts for automobiles engines, namely, pistons rings, connecting rods, coils, distributor caps, distributor, spark plugs, spark plug wires, bearings, bearing housing, bearing inserts brushes, hoods, roller bearings, nozzles, oil filters for motors, oil pumps; land vehicle engine parts, namely, distributor rotors, engine valves, flywheel, gaskets for engines, injector pumps, fuel filters, and generators for land vehicles; electronic converter; emission and reduction units for motors and engines, namely, catalytic converters; land vehicle engine parts, namely, ball bearings, cam shaft, transmission, carburetors, catalytic converters, air intake tubes and filters for alternators, land vehicle engine parts, namely, pistons blocks, head and water pumps, water pump generator and cylinders; vacuum cleaners, vehicle washing machines, washing machines for clothes, mangles for clothes pressing and wind turbines; agricultural machinery, namely, combines, plows, harrows, mowers, reapers, harvesters, hay balers, broadcast seeders, spreaders, fertilizers distributors, huskers, rollers, fertilizer applicators, livestock feeders, front-end loaders, cultivators, threshers, wind rowers; power operated trash compactors, riding lawn mowers,

sewing machines, power operated coffee grinders and floor polishers; power operated tools for lawns, namely, grass weed trimmers; power-operated wrenches, abrasive wheels, grinding wheels, lawn edger, aerators, garden tillers, lawn mower, chippers, lawn shredders, lawn trimmers, and garden hedgers; graders, loaders for heavy equipment, and surface scrapers; earth moving machines, namely, excavators, bulldozers and back hoes; power operated grinders, nailing guns, potter wheels, ratchet wrenches, rivet guns, saws, screw drivers, shears. power operated spray guns, sprayers, staple guns, buffers, plumber snakes, pressure washers, hammers, drill hammers, power blades, staplers, circular saw, drill presses; power operated wire pressers; a wide variety of powered tools, namely, sanders, power drills, drill chucks for power drilling machines, blades, power operated pile drivers, pneumatic door closers, compressors, metal extrusion presses, metal working machines, namely, machining centers; kitchen mixers, electric pasta makers for domestic use; electric food blenders, can openers, bag sealers, egg beaters, food choppers, and electric food grinders for commercial, domestic, and industrial use; electric food processors, food slicers, fruit peelers; electric hand held juicers and juice extractor; electric knife; mobile cranes; moving sidewalks, oil filters for mechanical purposes, packing machines, oil pumps for machines, separator packing machines, internal combustion engines for machine operation and replacement parts therefor; juice machines; machine for making shoes; machine parts, namely, grindstones and millstones; power-operated nozzle sprayers, waxing machines, floor scrubbing machines, industrial robots, electric motors for machines, and electric elevators; power operated sharpeners and jacks; engraving machines; machines and machine tools, namely, milling cutter, chasers, gear cutters, grinding tools, rotary dies for cutting boxes, metalworking machines, thread milling tools, machine tools for cutting and forming materials, machine tool for removing waste, tool grinding machine; motors for boats, aircraft, model vehicles, motors for generation of electricity, electric motors for machines, direct current motors. machine coupling and transmission components except for land vehicles, namely, power transmission belts for machines, motors, and engines used in industrial machines, transmission belts and gears for machines, coupling for machines, shaft coupling for machines; power operated agricultural

implements, namely, cultivators, harvesters, disk harrows, seeders, combines, harvesters, threshers, tillers; engine components, namely, timing components, namely, cam sprockets and chains; vehicle body and frame alignment machine for diesel, jet engines, rocket engines, airplane engines, boat engines, motorcycle engines; machines for cleaning and manufacturing, namely, machines for cleaning surfaces using high pressure water nozzles for particle blast cleaning machines and structural parts thereof; machines for manufacturing and dispensing packing material, machine for manufacturing micro and non-scale structure by solidifying a fluid compound to conform to a shape of a mold

IC 008. US 023 028 044. G & S: Hand tools and implements, namely, shovels, sledge hammers, and tin snips; cutlery and tableware, namely, knives, forks and spoons; sidearm, not including firearms, namely, hunting knives; razors; utility knives, swords, sport knives; hunting knives, kitchen butchery knives, fishing and sport knives made from precious metals; chef knives; pruning knives, hand operated shears; souvenir collector spoons, non-electric vegetable peelers, spoons made of precious metals; hand operated food processors, hand operated choppers, non-electric can opener, hand operated vegetable shredder, non-electric pasta makers for domestic use, egg slicer, bagel slicer, and cake cutters; hand operated sprayers for spraying water, cleaners, detergents and disinfectants; tool belt, trowels, hair clippers; manicure sets, pedicure sets, pick axes, ice axes, ice hammers, ice picks, hand operated slicers, pliers, pocket knives, pruning shears, scissors, putty knives, rakes, razor blades, cases for razors, roll up fabric container for tools, hand operated plumber snakes, hand operated paint scrapers and staple guns, screw drivers, wrenches, hammers; hand tools, namely, socket drivers, augers, drills, auger saws, picks, pinchers, planers, punches, rasps, ratchet, reamers, socket sets miter boxes, metal vice jaws and mallet; hand tools, namely, squares, tongs, nippers, hex key ring, nut drivers, caulk gun line reels, ripping bars, engravers, bolt cutters, wire cutters, wire dippers, wire stripers, chisels, putty knives, mauls, hatchets, nail sets, socket wrenches, vises, paint scrapers, chisels, chopper, hack saw, wood saw, crimping irons, manually operated sharpeners and jacks, extension bar for hand tools; drill bits for hand drills. lawn and garden tools, namely, cultivators, mortar and

pestles, sand trap rakes, hand operated tiller and lawn edgers; hand operated diggers and lawn aerators; electric shavers and hair trimmers; glass cutter, carpet knives; daggers; sterling silver utensils, namely, knives, forks, spoons; multi-function hand tools comprised of screwdrivers, knives, can openers, file, pliers; pedicure and manicure implements, namely, nail files, nail clippers, cuticle pushers, tweezers, nail and cuticle scissors

IC 009. US 021 023 026 036 038. G & S: Blank magnetic data carriers, namely, recording disks; automatic vending machines and mechanisms for coin operated apparatus, cash registers, calculating machines, data processing equipment, data processors and computers; fire extinguishers; blank magnetic data carriers, cell phones, telephones, personal computers, computers, television and cable set-top boxes; VCRs, car stereos, camcorders, video cameras, TV cameras, electric cables, video converters, televisions, motion picture cameras; movie projectors, satellite systems comprised of antennas, radio stereo tuners and audio speakers, enclosure for speakers; slide projectors, radio receiving apparatus, microphone and electric switches, intercoms; wireless room monitors, sound receivers, amplifiers, turntables, walkie-talkies, CD players, compact discs players, digital video disc players, digital video recorders, video game consoles for connecting to a TV set or computer display, radios, phonographs, radios incorporating clocks and video cameras; prerecorded audio cassettes and pre recorded audio tape featuring music; prerecorded video tapes featuring science fictions films; blank compact disc, video game cartridges, video game machines for use with televisions; video game software; prerecorded audio and video tapes featuring music, musical artist, bands, vocalist, entertainers, live performances, science fiction and reality films; computer disc, cd-roms, video discs, laser discs, DVD discs, music video discs, and records featuring science fiction films and entertainment, music and motivational recordings; computer workstations comprising computer hardware; notebook computers, laptops, desktop computers, modems, mouse; operating system software. server software for use in server based e-mail processing and for use in web server optimization and for use in creating information portals deployed on the Internet, network management software for use in server based e-mail processing, for use in web server

optimization; computer utility programs; computer software development tools; computer software for use in security and authentication; computer programs for operating computer peripherals, hand held computers, personal digital assistants, radio pagers, game consoles, digital video disc (DVD) players, digital video recorders, and public communication kiosks; application and business software, namely, platforms for programming and application development software for developing multi language programs; software for validating programs; game software for use on computers and video game players; browser software for computer networks and global communication networks; computer programs for managing communication and data and information exchange over computer networks; software for use in web interactive educational software with entertainment components for facilitating the understanding and application of scientific or language arts information, problem solving skills, and/or identification and retention of informing and accompanying materials distributed as a unit; microcomputers, microprocessors, microchips, word processor and spreadsheet software; memory cards, interactive video game programs; interactive multimedia computer game programs, computer game software and hardware; components, namely, electronic computers, peripheral adapters, electrical connectors; cd-rom featuring music videos, science fiction and reality games; interactive computer game software. interactive video games of virtual reality comprised of computer hardware and software, children's educational software and videotapes, communication servers, computer and video game apparatus adapted for use with television receivers and accompanying manuals; printers, laser printers, lasers not for medical use, holders for compact disks, integrated circuit chips for use as component for the game software, integrated circuits, jackets for computer disks; and hand held personal computers, joysticks for video games, electronic personal organizers and industrial process control software, facility management software, facsimile machines, computer screen saver software, computer search engine software, computer screen filters, computer commerce software to allow use to perform electric business transactions via a global computer network, computer fax modem cards, computer game equipment containing memory device, namely, discs. computer interface boards,

computer game graphics and interface boards, computer network hubs, CD drives for computers, digital video drives, digital cameras, digital radios, computer operating system back up systems for computers, video game machine for use with televisions, dry cell batteries, sunglasses, carrying cases for portable electronic devices, headphone, audio cassette players and recorder; CD players, and DVD players, magnets sub woofers, remote controls for radios, stereos and television sets, blank video tapes, photographic slide transparency, covers for telephones not made of paper, magnetic encoded telephone calling cards and transportation cards, electronic telephone answering machines, telephone amplifiers, and radios; blank audio and video recording tapes, keyboards, electronic keyboards, video displays in the nature of CRT for use in the connection with computer displays to computer, data cassette recorders, resistance wires, compasses, telescope, eye glasses, microscopes, magnifying lens photocopy machines, battery testers, DC power supplies, and electrical components, namely, connectors, wires, router clips, switches transistors, resistors, amplifiers for each regulator circuits and system processor, electric switch signal amplifier, auto built noise filter, car odometers, tire balancing machines, tire pressure gauges, speedometers for vehicles, and cruise control units for vehicles, automobiles, aircraft, land craft, water craft, and spacecraft; telephone equipment, namely, telephone plugs, telephone jacks, telephone wires, mobile data receivers, digital phones and cords; warning devices, namely, motion detectors, theft alarms, smoke alarms, fire alarms and fire trucks. camcorder tripods, cable TV converter, electric door chimes, thermostats, AC power cords, audio connectors, audio connection adapters, power transformers, AC DC voltage adapters, DC power transmitters, transducers, transistors, transceivers; sports goggles, sport whistles, sports helmets; swimming goggles, scales for laboratory use, semiconductor devices and chips, signal processors, silicon chips, sirens, slide projectors, slot machines, sonar specialty holders for carrying cellular phones, pagers, personal digital assistants and receivers; chargeable electric batteries, regulator for use in scuba diving, remote cursor controls for computers, rifle scopes, satellite processors, satellite navigational system, namely, a global positioning system, computer network interface devices, printed circuit boards, electric cables, programmable digital television

recorders, projections screens, public address systems, radio frequency controlled locks, radon detectors, reading glasses; portable listening devices, namely, CD and MP3 players, electric cords and blank videotapes; pressure gauges, preamplifiers; optical character recognition apparatus magnetically encoded credit circuit cards, parking meters, periscopes, microwave ovens for laboratory use; electric door openers, electronic game programs, gaming machines, electronic safes, emergency warning lights, garment steamers, timers, electric door bells, electric light switches, carbon dioxide detectors, cash registers, compasses, blank electronic chips, underwater breathing apparatus, bicycle helmets, beepers in the nature of pagers, football helmets; electric hair curlers, irons, hot brushes, combs; electric signs; guitar amplifiers, CD players and compact disc players; audio cassette decks for simulators; vehicle locating, tracking and security system comprised of an antenna and radio transmitter to be placed in a vehicle; motion picture films in the films of documentaries and education. wireless remote control units, used for radios, televisions, stereos, video games, DVD players multi-media software recorded on CD ROM used for education and music; educational software featuring instruction in math, reading, language arts, science, social studies; encoded smart cards and encoded electronic chip cards containing programming using layout data on magnetic strip cards, for creating custom cards and for use as encoded credit cards, encoded debit cards, and pre-paid encoded telephone cards; wireless remote control units for use with climate control, systems consisting of digital thermostats, remote cursor control for computers; electronic publications, namely, books, magazines, manuals all in the field of medicine, technology, and education recorded on computer media; security systems comprising of facilities management software, computers, timers, security monitors; optic vehicle locking systems comprising of laser detector, namely, modulated laser lights from keys, optic detector, optical transmitter, optical receiver, cables for optical signal transmission, vehicle cylinders, electronic warning horn and electronic locks; programmable locking system consisting of electronic cylindrical lock sets and keypads using radio frequency device, remote door lock/unlock, backup battery; band equipment, namely, guitar amplifiers, instrument amplifiers and sound mixers

IC 010. US 026 039 044. G & S: Doctors masks; hospital beds for use by burn patients

IC 011. US 013 021 023 031 034. IC 033. US 047 049. G & S: Alcoholic beverages, namely, white wine

13. Opposer's applications 77/484,077 and 77/484,102 currently stand suspended in view of Applicant's application 76/687,670. (Formerly, the 077 application and the 102 application also had been suspended in view of three other applications of Applicant – 76/188,809, 76/437,630, and 76/634,950 – that are now abandoned or finally refused as a result of oppositions or default by Applicant.) Applicant's 670 application is, in turn, suspended in view of application 76/383,918 of Zivi S.A. Cutelaria, among others. The 918 application is suspended in view of application 76/133,905 – the subject of this opposition – among others. Thus, Opposer has an interest in this proceeding at least in part because Applicant's repeated filing of applications – which, as this Notice shall show, appear to be fraudulent – is repeatedly resulting in suspensions of Opposer's own bona fide applications and frustrating Opposer's ability to obtain genuine and proper United States registrations.

14. Opposer acquired trademark rights in and to the mark FUTURE ADS for Opposer's services that pre-date the actual use dates to which Applicant might be entitled for some or all the goods and services identified in paragraph 12 above, including but not limited to the goods in classes 009, 016, and 028. At least some of Applicant's goods identified in paragraph 12 are similar to the services of Opposer provided under the mark FUTURE ADS.

15. The mark for which Applicant applies, FUTURE, is similar to Opposer's mark FUTURE ADS and has a similar meaning, commercial impression and connotation. Relevant consumers, if they encountered Applicant's mark, would be confused as to the source of the goods identified in paragraph 12, if Applicant offered such goods under the mark FUTURE. On information and belief, if Applicant actually offered the goods identified in paragraph 12 in commerce, Applicant would advertise and sell the goods through similar channels of trade as Opposer presently uses for Opposer's services. Any use of the mark FUTURE by Applicant, and the filing of the opposed application, have occurred without consent of Opposer.

16. Registration of the mark FUTURE by Applicant will provide Applicant with *prima facie* exclusive rights in the mark, and could harm Opposer by interfering with Opposer's rights to the mark FUTURE ADS, and/or potentially suing for alleged infringement, and/or potentially preventing Opposer from obtaining registration of the application(s) identified above in one or more of paragraphs 5, 7, and 9. Opposer is entitled to be free of any potential infringement claim by Applicant, who lacks the ability to use the mark in bona fide commerce on or in connection with the goods and services recited in the application. Opposer and the public are entitled not to have to wait up to three (3) years, as proscribed by statute, while the Applicant files multiple time extensions in which to file a statement of use when the Applicant has no ability or intent to actually and genuinely use the mark in commerce on or in connection with all the goods and services recited in the application. Opposer and the public are entitled to have the records of the USPTO free of applications that Applicant has no ability or intent to perfect to registration. Opposer has the right to continue using the mark FUTURE ADS in connection with its services and related goods and services and to use the mark without interference by Applicant and without confusion, mistake or deception.

17. In his original application papers filed September 22, 2000, Applicant stated in the drawing page that he sought registration of the mark for "any all goods of now and of the future and on pages enclosed" (non-standard spelling corrected). Applicant also signed a form Declaration in which he stated under oath that he had a bona fide intention to use the mark in

commerce on or in connection with the goods – and repeated his assertion that he had that intent for “any all goods of now and of the future.” Another drawing page identified the goods as including “laws, word, language, sound, scent, gene, smell, color, liquid, solid, substance, metal, compound, anything that can be made, used, consumed, for by the human being, any all goods service thereof and to any means and all claims to the future ...” (non-standard spelling corrected). It is not possible to have a bona fide intent to use a mark in connection with “all goods of the future” because it is not possible to mentally conceive of the manner of use unless one knows what the goods are. In a paper filed July 24, 2001, the Applicant requested registration of the mark FUTURE in all goods in all of International Class 001 to 034, inclusive. Upon information and belief, as of July 24, 2001, Applicant could not have provided evidence of any bona fide intent to actually and genuinely use the mark in commerce on or in connection with all the goods in 34 international classes. In the same paper, the Applicant “also request [sic] that the word FUTURE to be stylized”.

18. In a paper filed April 9, 2002, Applicant requested registration of the mark FUTURE in all goods in all of International Class 001 to 034, inclusive, in a goods listing of some 5,000 words. The sheer number of goods, and the technical complexity of many of them—for example, “biochemicals used in genetic engineering” in class 001—is circumstantial evidence that Applicant lacked a bona fide intent to use the mark. In the same paper, the Applicant stated, “If feasible applicant is claiming the word FUTURE with no particular design or style or design element offer [sic] the best protection.” Applicant’s repeated attempts to change the form of presentation of the mark from stylized to unstylized indicate that, as of April 9, 2002, Applicant could not have provided evidence of any bona fide intent to actually and genuinely use the mark in commerce on or in connection with the goods recited in the application.

19. In a paper filed on or about June 16, 2003, Applicant referred to an alleged web page at “www.geocities.com/visionaryman2000/index.html”, which upon information and belief Applicant had created in 2000 but never updated thereafter, and stated (albeit in non-standard English, which has been corrected here) “Also for those who are reviewing this online, kindly we

are looking for legal representative, team to protect our prior rights, etc., to help license our rights, globally.” Upon information and belief, Applicant’s statement evidenced his inability to actually or genuinely use the mark on or in connection with goods or services, directly or indirectly through licensees. Upon information and belief, the Geocities service has been unavailable since October 27, 2009 and Applicant has undertaken no other promotions of goods or services for over two years. [PDF 0597]

20. In a paper that became part of the USPTO file wrapper in approximately 2006 [PDF 1472], Applicant provided a two-page document titled “Business Plann” [sic]. Upon information and belief, the document does not describe a plan for any particular product or service, but describes Applicant’s goal to “cover the market” ... “by securing the rights to the name of FUTURE in any marketing sector ...” Applicant has placed into the public record extensive correspondence with his attorneys during the period 2003-2004. In an email to his attorney on April 1, 2004, Applicant wrote, “We can now cover cosmetics, keeps Chanel, Avon grounded ...” [PDF 803] Upon information and belief, Applicant’s goal always has been to “warehouse” the mark FUTURE and prevent its use by anyone.

21. In the 2006 paper, Applicant also stated, “Founder, CEO, management is myself at this time. ... Financier is myself and prospective partners.” In a paper signed July 18, 2005, Applicant observed that he had paid \$9,760 in filing fees for the application and that the “total of \$9760 represents a substantial portion of the applicant’s net worth ...” Upon information and belief, Applicant has stated in correspondence to his attorney and in other documents in the record of the application file that he is employed as a high school security guard at a school in Bismarck, North Dakota and lives in the basement of his parents’ home. Upon information and belief, Applicant has never started or run a business of any kind, and has no education, training or experience in making or selling goods, or licensing brands. Applicant did not have, at the time of filing the application through the present, the financial and business resources and knowledge necessary to actually use the mark in interstate commerce on all the goods identified in the application or to conduct any business of licensing the mark for use by others—and he knew it.

Upon information and belief, Applicant's statements in the paper of July 18, 2005 and the paper of 2006 constitute admissions that Applicant lacked a bona fide intent to use the mark in interstate commerce on or in connection with all the goods identified in the application. 22. In a paper filed December 12, 2009 and apparently intended as a petition, Applicant wrote: "The applicant has filed for the trademark FUTURE on the behalf of global individual rights of people giving people a voice. FUTURE is like a country created from this country with intent of self supporting infrastructure based on individual ideas of people of countries worldwide and the intent to give hope in any language. ... Applicant has not received any money from any of the pending application. The applicant has been and is continually seeking business partnerships worldwide for the development of FUTURE." The Applicant then requested suspension of the application and various others. Applicant's statements of December 18, 2009 are evidence that Applicant has never had a bona fide intent to use the mark on or in connection with any goods and services; instead, Applicant has intended to "warehouse" the mark FUTURE to prevent others from using it. Upon information and belief, Applicant has undertaken no actual steps to form a business partnership with anyone in the world to make or offer goods or services under the mark FUTURE. 23. At least as early as September 22, 2009, Applicant allowed the application to become abandoned by inaction and/or failure to properly prosecute the application. Upon information and belief, if Applicant had possessed a bona fide intent to use the mark in commerce on or in connection with all the goods identified in the application, Applicant would not have allowed the application to become abandoned. 24. In 2003, Applicant prepared two (2) unsolicited letters to Reebok and Nike and on April 12, 2004, Nike replied and declined to work with Applicant. In approximately 2004, Applicant also attempted to contact Avon. In a letter to his attorney dated March 27, 2004, Applicant alluded to goals for licensing but described these goals in rambling, non-specific prose that failed to identify any concrete steps that could address his fascinations. In July 2004 Applicant wrote, but did not send, a solicitation letter to Ford Motor Company. Upon

information and belief, since 2004 Applicant has made no serious efforts to license the mark or his applications. Upon information and belief, Applicant lacks the resources and ability to conduct a genuine licensing operation for all the goods and services recited in the application.

25. In December 2003, Applicant and his father jointly filed a fictitious business name statement with the Secretary of State of North Dakota asserting the intent to use the name FUTURE ISLAND for "operation of future city and related business." [PDF 0940] Upon information and belief, since 2003 Applicant has undertaken no genuine steps to form or operate a business. On March 28, 2004, Applicant wrote to his attorney, "I don't even have the funds to protect these rights I have pending." Upon information and belief, Applicant lacks any genuine experience in the manufacture or sale of any of the goods identified in the application and has insufficient financial resources to undertake any real steps toward making or selling any of the goods identified in the application.

26. The application asserts that Applicant has the intent to use the mark in connection with beer, wine, and other alcoholic beverages. Upon information and belief, since the filing date of the application Applicant has not undertaken any acts to obtain government permits, bonds, or other permissions associated with making or selling alcoholic beverages or any other goods of a regulated nature that are identified in the application.

27. Upon information and belief, Applicant has suffered default judgment in multiple other contested proceedings in the USPTO. Upon information and belief, Applicant has a history and a habit of filing trademark applications with broad and unreasonable identifications and goods and services that trigger opposition by bona fide prior users, then failing to contest the proceedings or participate in proper discovery, and ultimately losing by default judgment. Upon information and belief, Applicant intentionally pursues a strategy of delay, non-participation or suspension of proceedings in his filings in order to frustrate the registration of legitimate rights of others in or to the mark FUTURE for various goods and services.

28. Upon information and belief, Applicant has engaged in a pattern of fraud on the USPTO in the course of numerous prior and pending application filings, and is a vexatious filer.

As an example, in application 76/188,809, which is abandoned, upon information and belief, Applicant submitted false specimens consisting of hand written and/or computer printed documents prepared for the purpose of submission to the USPTO rather than actual tags, labels, packing or other proper specimens that were in commerce; the Examining Attorney questioned the validity of the specimens and Applicant could not provide genuine substitutes. In registration 2,704,922, for "retail store, shopping malls and plazas, and strip malls services featuring electronic consumer products, toys, consumer house hold products, consumer beauty products, consumer safety products, consumer sporting products and auto related products," on April 28, 2008, upon information and belief, the Applicant submitted a faked specimen consisting of a line drawing prepared solely for the purpose of deceiving the USPTO and not consisting of an actual photo of a store, a printed business card, or other genuine evidence to establish that a retail store actually existed. Upon information and belief, Applicant also submitted a fake specimen in registration 2,540,936, with a Section 8 affidavit filed March 29, 2007. Upon information and belief, Applicant also submitted a fake specimen in registration 2,721,658, with a Section 8 affidavit on June 13, 2008. In application 76/605,689, filed August 5, 2004, Applicant submitted the same original list of goods and services as in the present application and copied from a filing of August 2, 2002; Applicant's use of repeatedly copied forms, and claims to all goods in the Nice Classification, is clear evidence that Applicant is engaged in filing vexatious applications in bad faith. In application 76/634,950, registration was finally refused after the Board entered default judgment in response to a motion for discovery sanctions against Applicant. In application 76/690,134, Opposer's opposition was sustained as a result of the failure of Applicant to participate in discovery in the case. Upon information and belief, in application 76/437,630, the application was abandoned after adverse judgment against Applicant. Upon information and belief, Applicant filed application 76/602,117 in the name of a false entity, "Future Motor Cycle Automobile Company," having the same address as Applicant, solely for the purpose of causing suspensions of other applications filed by Applicant for similar goods, to frustrate the ability of other applicants to obtain registrations. In application 75/709,139, on

January 8, 2002, Applicant filed a request for an extension of time in which to file a statement of use and asserted that "applicant has been is still establishing rights," but failed to identify any particular ongoing efforts to use the mark in commerce; upon information and belief, Applicant knew that he had taken no steps toward genuine use and knew that his assertion was an legally insufficient basis for obtaining a time extension. There is a public interest in ending the abuses of a vexatious filer of trademark applications.

Count One – Fraud on the United States Patent & Trademark Office

29. Opposer repeats and realleges the allegations of paragraphs 1 to 28, inclusive, of the Notice of Opposition.

30. Applicant had no bona fide intent to use the mark FUTURE in connection with each and every one of the goods identified in the opposed application and in paragraph 12 of the Notice of Opposition as of the filing date of the opposed application through and including to the date of publication for opposition. Applicant knew that he lacked the financial resources and ability to license, make or use all the goods identified in the application. The mere dream of an individual, aware that he has no access to resources and taking no significant steps toward use, cannot support the bona fide intent to use a mark in commerce. The Lanham Act does not permit mere dreamers to warehouse marks to the frustration of others.

31. Applicant made the representations alleged above in his trademark application to induce the USPTO to issue a registration. Applicant knew the representations were false. Applicant's representations were material and were knowingly made in order to procure a registration. Applicant willfully directed false statements to be executed within the declaration of his trademark application. Applicant knowingly allowed and/or directed false statements to be relied upon in the examination and allowance of the application and thus had the intent to deceive the USPTO, or at least reckless disregard for the truth. Applicant has knowingly made false, material representations of fact in connection with his application to the USPTO that are sufficient to amount to fraud on the USPTO in procuring a trademark registration.

Count Two – Abandonment

32. Opposer repeats and realleges the allegations of paragraphs 1 to 31, inclusive, of the Notice of Opposition.

33. Upon information and belief, Applicant has made no bona fide attempt to use the mark FUTURE in commerce in the United States in connection with each and every one of the goods identified in the opposed application and in paragraph 12, or to undertake any action that could suggest an intent to use the mark in the future, and has made no bona fide attempt to license the mark or the opposed application. Therefore, Applicant's mark has been abandoned due to non-use.

WHEREFORE, Opposer believes it will be damaged by the registration of the mark FUTURE of application 76/133905 to Applicant and prays that registration shall be refused, and/or that the opposed goods and services identified in the application shall be deleted from the application, and/or that the application shall be declared as void *ab initio*.

The opposition fee is submitted concurrently herewith. Please address all correspondence to Opposer to the undersigned.

Dated: December 29, 2011

I am Kent Anderson, founder and president of FutureSM Enterprises. I am dedicated to our future. I see a more highly advanced world. I am very creative, hold many patents, enjoy inventing, and am a prolific thinker. Leadership value qualities, integrity and my love and fascination is with ideas in inventing, and thinking of a futuristic world.

I find fascination with our past and the future, and how inventors, entrepreneurs changed the world. I care for our world and all people in all countries. I wonder about what future generations will say about us, and ask what they have done for us. What will our answer be? Goals is what we can do now for our world to benefit our world and to build new crossroads to our future to challenge the boundaries that hold us back, and to bring down the barriers that separate us as a people. To work in unity. There needs to be forth entity a place that people can market, test their ideas in any marketing sector focused towards our future. I am in the process of building this corporation, and have spent many years on it. Hopes are to find the leaders; people who have the same interest and goals I have. In the end, we will be able to offer what no other company in the world canSM. This will be accomplished by focusing on the new, not the oldTM.

This will be a large undertaking, and will provide a huge marketing arena, with many opportunities available. To test and to market, invest in properties to launch new industries, new products, and new services under the name FutureSM. Future related products in any marketing sector and focus on not the old, but the new corporation. Could include on Future IslandSM, Research centers, retail, health, communications, etc.

One such endeavor would be Future IslandSM. This unique concept, which has already been initially designed and thought through, would be a very innovative idea, and would allow businesses and industries to come together in one place. By hosting these future facilities in one place, ideas would be able to come together and flourish. Basically, the main goal would be to build a NEW WORLD.SM

Qualifications for applicants would include integrity, knowledge, leadership abilities, positive attitude, and training in many different fields of today's industries, so that we may build the new industries for tomorrow. If you would like to be a part of a world leader into the FutureSM, and to work with some of the best minds and visionaries that will someday build new markets and invest in their abilities and dreams. This will represent a new way of thinking to be a future leader, and to uphold the best standards to represent the Future. It will reflect to the rest of the world a way to accomplish great benefits for our generation and future generations. You want to be remembered for what you have done and who you are. It is not how much money or power we have, but rather the ability to recognize someone's dream, and to help them accomplish it,SM and to test their ideas in any marketing sector^{SM PAT. PEND.}

- To build something no one has done beforeSM
- A place to project into the futureSM
- To build new industries, new products, new markets, etc.SM
- Building a new world brandSM name futureSM
- A place to test your ideas in any marketing sector focused towards our futureSM
- To invest in the people and their ideas and their dreams for our future and the benefit of our worldSM

Business Plan

Executive summary of Business Plan for Building FUTURE

COMPANY'S OBJECTIVES

The vision of the company is to build name rights and a strong brand name identifying unique products, markets, service, industries with special focusing of inventions and ideas to build markets around those sectors. The goal would be to build name rights in any marketing sector, to accrue franchising rights to identify huge marketing sector. The main goal is to build and to launch new industries, to test people's ideas in any marketing sector, and to launch these new ideas and invest them.

By identifying with the name FUTURE, the purpose is to build a strong brand name with a huge market where people can test their ideas in any marketing sector. Benefits are strong with a brand name that can include any industry, service and products. FUTURE is unique because of its ability to invest in consumers ideas and to launch new products, service industries identifying with the new industries. The name will be unique in identifying with the future, we will capture the market with people who want to identify themselves with the future. Other companies can't test their ideas in any marketing where their brands don't identify with every sectors as Future would be able to do.

MARKET

The amount of dollars we will capture are in the billions because of FUTURE'S ability to own name rights, franchising, ability to invest and market people's ideas in any marketing sector, to build markets, promote licensing of property and others who wish to be identified with the FUTURE name.

FUTURE rights are pending in the financial sector, retail sector, transportation services, entertainment, hotel and motel casino sector, museum, publication services, toys sector, industrial sector, research sector, health care sector, restaurant food sector, radio/TV broadcasting, online services, good products sector, etc.

The target sector is for consumers, industries, markets of the world.

PRODUCT

The name FUTURE identifies many services, products and industries. Rights are pending. the name would represent new products, service, and markets in restaurants, foods, designs, entertainment, etc. Franchising rights are being looked at. The ownership will remain with the company. Franchises must represent the goals, values, image of the foundation of FUTURE. To be successful, revenues will come from franchising, licensing, marketing, partnering, patent rights, licensing rights and all services and goods that FUTURE will be identified with as a means of revenue.

MANAGEMENT

Founder, CEO, management is myself at this time. Sole Proprietor Kent G. Anderson
Financier is myself and prospective partners.

EXECUTION AND MILESTONES

I am a prolific thinker, inventor who hold many patents and many trademarks. My leadership and honesty and entrepreneurship qualities have cornered the market for the name of Future in the United States.

FINANCIAL PROJECTIONS

Everything at the present is on paper and the development is at the starting stage with a strong foundation securing legal rights. Financial projections are excellent with bringing the company public in the future.

COMPETITION

I look at competition as potential partnering in selling service and products. They're a game player.

FUTURE COMPETITION ADVANTAGES

By securing the rights to the name of FUTURE in any marketing sector and identifying services which would include new products and services, The market for the name of FUTURE would corner the market by identifying with industries and services where inventors or ideas can be tested in any marketing sector. The advances of FUTURE is the identification with the new not the old trademarks with concentrating efforts on people who don't have the financial means but do have the ideas and ability to partner up with the companies. The reason for my existence is my forward thinking in that I have cornered the market with honorable goals. I have the belief in this huge dream and what it could accomplish with launching new products and with services that would benefit all people in this world.

FINANCIAL REQUIREMENTS

A millions dollars would be a start to keep paying ongoing trademarks, fees and protection of legal claims active to the huge portfolio of FUTURE, to enforce the trademark rights, to stake claims in other countries, and to file for partners. The money would also be used to hire and to find partners/ investors. the money would be used for start up, legal fees associated with indept marketing study and other expenses a business such as this would incur. The key is to hire a key management team, legal team and trustworthy professional people who have a fascination with the future and who understand the consumer's needs.

PERSONAL CONTRIBUTION

I will contribute the leadership of this vision, my ideas, values of honesty, knowledge and goals.

My name is Kent G Anderson I'm the founder /President of FutureVisionaries.com and Global FUTURE Brands ; I want you to know what I've been through and so It may help you . I cant tell you in words how I feel every day I live with this knowing that your ideas your rights to the Brand FUTURE are being taken every day since sept 2004 The Day I was set up In September I Feel Like the world Trade Center. How I Got destroyed how the world I Had Created Got destroyed How an agreement was Hidden for more than 2 Years ; An attorney who I Trusted Set Me Up ; I would like you to Know the names You The people should contact them write to The USPTO.Gov tell them how you feel. I fought for your Global rights and ideas To the Brand FUTURE all I've got is stabbed in the Back and your ideas and ming taken from me . I'm not rich I work a Security job at High school for years ; Wor do I Own a New Car or A Home I live at home. I Cant tell you How much is spend In Time allowances For FUTURE ; So many wanting me To Fail So they will get your ideas and Global rights along with Ming ; I Don't Like monopolies ; No press will even do a story on me ;ABC;NBC;CBS;and talk Shows ;Tabloids; More Does any attorney want to represent me in Federal Court Because I don't have the money . I have tried I Called nonprofit ; Pro bono; VC ; Angel investors ; Its like you have to live in there city To even get funded ; And they only fund you if your making money How can I ; Your and my world is being attacked and our own ideas are being used against us; Like you to See PEP BOYS Only has a Tire wheel cover and Mob Caps for FUTURA ; pep boys sued Ford Motor Over the Name FUTURA for a modal of a Car ;I Question why Ford Didn't even fight the Judges Judgment ? I question why That the USPTO Allowed pep boys to file against our ideas I say its Our ideas Because I was going to let all people and all countries benefit by the Brand For there own ideas ; By the way PEP BOYS 17 Objections vs me For 4 Years are in the discovery Stage need people who cares as I Do ;I need help now funding ; I'm not going to give up on the people and there ideas I Hope daily that I will find a philanthropy ; All I'm finding out that Regardless of your prior pend ideas and Rights ; in countries people lawyers companies will file after you wait . Attack you ; File objections Vs You ; I have been Fighting a war For 7 Years ; even with the trademark office I Challenged them and the way companies have and get monopolies ;

Here are the Names of the people Involved ; I have already visited with my former attorney ;Threatens me ;Denies things ; Ps He doesn't have a law firm he works Now For USPTO ; I wish I could see Paul E FARMEROFF Of Washington DC . And Lawrence A Hoffmann in court.Attorney Using my signature and my pend rights In USA And filing from those rights of ours world wide any country before any one else can even file . Further more visiting with Paul I said I'm sure that Chantecaille Beante Inc have licensers just waiting for my rights ideas To Fall Paul said nervously Aha ; And Donald Trump Is waiting To Get my ideas For FUTURE For hotels he said aha The Law firm for Hoffmann In NY Is OSTROLEW Faber ,Cerb & Soffen LLP 1180 Avenue of the Americas New York ,NY 10036-8403 Tel 2123820700 The Company taking your ideas for years That Opposed me for years applied after me In NY Is Chantecaille Beante Inc FUTURE SKIN ; And Oliver Chantecaille VP ; And the Agreement that I was set up in Of Sep 14 2004 ; go into see how they set me up Had the connections To put thru the uspto and to get approved ; This was all planed out we need to challenge these people and all involved and this Law Firm Of NY ; If I have to stand alone for the many I will ; Please write to me call me let me know your thoughts Write to our president Bush I have tried . I even tried to visit with him and Bill Clinton I have ideas that can help our world all people can you here my voice.

Let the FUTURE people voices be heard worldwide, call these people email them share my story all I have is ideas powerful words I look at the past and see how leaders of our country and others stood up for what they believed in best.

JUNE 26 07
To PEP BOYS OWNER
AND ALL INVOLVED
AND CORPORATE HEADQUARTERS
PEP BOYS
3111 WEST ALLEGHENY AVENUE
PHILADELPHIA, PA 19132
PHILADELPHIA COUNTRY

To the owners of Pep Boys, you brought this global battle on to me and the people who would benefit using the brand FUTURE to realize their ideas. This is being destroyed because of Pep Boys oppositions over the years I had created the brand FUTURE concept applying for the rights since 2000. I have built global value to this brand. A representative of Pep Boys had indicated working with me a few years ago, and then a new agreement was drawn up

that was contrary to the original stance. I was disappointed because I had relied on the word of the original intent. Money and power of your company is at issue here. The FUTURA tire of 1964 is separate from the brand FUTURE. If this company wanted the FUTURE brand, why hadn't they applied for it before? My intention is to have the brand FUTURE to have a global infrastructure that would help people. I would very much like to be part of this. A meeting with Mr. Jeffrey Rucker would be appreciated. Please recognize the global benefits of working with me. If these rights go abandoned, Chateaucille has the Brand agreement of 2004 set up to get global rights of the people to take this agreement which was set up by my own lawyer in an agreement that was misleading to me.

Your oppositions no. 91157538; 91157768; 91158277; 91158509; 91158520; 91158786; 91159159; 91164461; 91164602; 91165913; 91170501; 91173632 are destroying me and other people globally and their rights to use FUTURE for their own ideas.

Discovery Period to close: 8/2/07; Plaintiff's 30 day testimony period to close 11/1/07; defendant's 30-day testimony period to close: 12/31/07 and Plaintiff's 15-day rebuttal testimony period 2/1/08 is in progress.

Please respond to me concerning these attacks as soon as possible

Note the countries that controlled these technology was left behind of the countries that shared their technology wanted to work with other countries and people Please respond asap Stop your attacks on us the people and our Future

Pep Boys FUTURA Tires For 4 Years VS Brand FUTURE and Kent G. Anderson, an individual, for automobiles, vehicles all goods and services associated and connected to.

Kent Anderson says FUTURA is separate as Pep Boys only has a tire, wheel covers, hub caps For FUTURA; he views FUTURE as separate from FUTURA; and Kent envisions his years and ideas which he had applied to FUTURE in US; UK; Europe can benefit people globally for realizing their own ideas.

The FUTURE belongs to the people; he wants to see that opportunity to be there for them. Kent sees the FUTURE Brand as a global open door infrastructure where all people and countries can bring forth new ideas, as well as, benefit by using their own ideas with the brand name FUTURE. A global revenue stream would help reinvest in people.

Kent envisions a global intellectual property where people can license non exclusive the Brand FUTURE For their own ideas with people and countries working together. The goal of have anybody benefiting from this brand with countries working together and sharing the Brand FUTURE, is Kent's motivation for years.

Kent is looking for partners and a law firm as partners to represent the Global people's ideas and rights in federal court VS Pep boys and the FUTURA tire of 1964; FUTURE is new.

A Personal letter from Kent G Anderson
President/Founder of FutureVisionaries.com

To: The People . the Visionaries ...

People have a right to know This is the peoples Future.

Bringing this to your attention . The Pep Boys Manny, Moe & Jack of California

"Pep Boys", a California Corporation, located and doing business at 311 West Allegheny Avenue, Philadelphia, Pennsylvania vs. Kent G. Anderson, an individual

doing business at 925 North Griffin, Bismarck, ND 58501 in a brand dispute. The details are at [ITABVUE USPTO](http://ITABVUE.USPTO) web page.

I'm in a battle for the rights of the brand FUTURE. I don't have the funds to fight this trademark battle. I'm asking for financial help in the form of business loans for a start up business that has been pending for years. Funds and years have been spent applying for the brand FUTURE in the US, UK, and CTM. This brand can be shared so all people and countries can benefit by The Brand FUTURE For their own ideas, and having a place to realize their ideas for products and services.

As an inventor, I know the challenges that people have to overcome when they don't have the resources as other do. Their ideas are not heard. With the brand FUTURE people will be have the opportunity to have their rights and ideas help create new economies globally.

On May 22, 06 these rights to the brand FUTURE are threatened. I am looking for funds to equally represent these rights and funds for a start up company.

I want people know who I am and what I believe in.

Please send me your thoughts.

Kind regards.

Kent G. Anderson
Founder/President

Summary - story
2010 My Name Is Kent G. Anderson. Having big ideas, I had applied for the Brand FUTURE in 2000. This brand name is to have global meaning to all people; I didn't want to see the brand FUTURE being controlled. I also wanted to draw attention to the USPTO and how companies would apply for one good in a class and say that they claim all of the goods in that class. The individuals with few resources didn't have a chance. It seems to me that everything is being controlled by the affluent.
I have invested years of my life applying for the Brand FUTURE, only to have companies apply after me. Chantacile A cosmetic Company of New York applied for Future Skin whereby I had the mark FUTURE LOOK before them. My own attorney in DC worked in their best interest not mine by putting all of the goods and services in the USA, UK, and Europe in the agreement.
I didn't understand what they were planning. It was posted with the USPTO. I received no royalties or anything. They are using my own ideas and using my signature. This huge intellectual law firm in NY are using my ideas which were set to be used globally. I had planned to let people share in this brand through licensing the brand to create jobs and opportunities. Their agreement is not fair; they had only cosmetic; class 3 will need to continue to be pending.
Pep Boys have also opposed FUTURE Brands. They have tires under the FUTURA Brand. They now want all of Class 12 everything associated and connected to automobiles. My vision was the Brand FUTURE for automobiles being shared by people who would benefit with the use of their own ideas. Then there's a company in UK FUTURE Publication who want class 16 and entertainment services. I've made nothing from my ideas and patents.

I need help with advice and funds, partners to protect this huge portfolio and global rights.

We believe in our visions and have built the brand FUTURE around this vision. With our pending global infrastructure in all sectors, with our pending rights in the USA, UK, CTM, and with the sharing of the brand FUTURE with licensing potential, new jobs and opportunities will allow new infrastructures interconnecting facilities worldwide. With Our brand FUTURE in automobiles etc. and the large pending global infrastructure, new industries will be developed where people will have the means to test and market their ideas in any marketing sector. By working together and combining our resources with Our brands FUTURE and the pending projects in sharing through licensing, benefits can be gained by all people.

GLOBAL VISION, A VISION OF A BETTER FUTURE

* As one of many, we are strong. Our goal is to secure rights globally to the brand FUTURE, to create global opportunities from the brand so that all people can benefit from the brand FUTURE with their ideas and dreams. Global organizations and companies affiliated with brand FUTURE will create global resources and infrastructures that will allow development of new ideas and a means for new industries to be developed. Global benefits will be created for all people.

* My vision and belief is that the brand FUTURE has the ability to create opportunities for all people and build new jobs and industries globally. Opportunities will be available to all people, especially the people who have ideas for products and services but do not have the resources. The opportunity would include using their trademarks, copyrights and patents with the brand FUTURE which would help inventors, etc. to be heard and to realize their potential. For example, individual's designs for automobiles etc. would be used and associated with the brand FUTURE. The global infrastructure built with the brand FUTURE would be able to support their efforts with knowledge and resources. By working together with the brand FUTURE and sharing by licensing ideas and products to each other, each individual will benefit from the brand FUTURE. Companies and individual will be allowed separately to benefit from the FUTURE brand globally.

* Global Trademark Matter: Challenger vs. Kent Anderson over the brand FUTURE. I do not want to see the brand FUTURE controlled by one when it should offer benefits to many. I'm looking for trademark -attorneys who want to help. And Seeking volunteer help.

Who We Are

I am Kent Anderson, founder and president of Future Enterprises. The brand FUTURE should be shared to allow people to benefit globally. I know that my plan and the years of my life's work will allow the creation of new jobs globally and create opportunity for others. I am asking for financial help. The brand FUTURE has challengers who have vast financial resources. As an individual, I do not have the financial resources to meet the ongoing cost associated with the global pending infrastructure and for maintaining the intellectual property rights in the USA/UK/CTM. Please address questions and concerns to me.

I am dedicated to our future. I see a more highly advanced world. I am very creative, hold many patents, enjoy inventing, and am a prolific thinker. Leadership value qualities, integrity and my love and fascination is with ideas in inventing, and thinking of a futuristic world.

I find fascination with our past and the future, and how inventors, entrepreneurs changed the world. I care for our world and all people in all countries. I wonder about what future generations will say about us, and ask what they have done for us. What will our answer be? Goals is what we can do now for our world to benefit our world and to build new customs to our future to challenge the boundaries that hold us back, and to bring down the barriers that separate us as a people. To work in unity. There needs to be forth entity a place that people can market, test their ideas in any marketing sector focused towards our future. I am in the process of building this corporation, and have spent many years on it. Hopes are to find the leaders people who have the same interest and goals I have. In the end, we will be able to offer what no other company in the world can. This will be accomplished by focusing on the new, not the old TMSM.

This will be a large undertaking, and will provide a huge marketing arena, with many opportunities available. To test and to market, invest in properties to launch new industries, new products, and new services under the name FutureSM. Future related products in any marketing sector and focus on not the old, but the new corporation. Could include on Future IslandSM, Research centers, retail, health, communications, etc.

One such endeavor would be Future IslandSM. This unique concept, which has already been initially designed and thought through, would be a very innovative idea, and would allow businesses and industries to come together in one place. By hosting these future facilities in one place, ideas would be able to come together and flourish. Basically, the main goal would be to build a NEW WORLD.SM

Qualifications for applicants would include integrity, knowledge, leadership abilities, positive attitude, and training in many different fields of today's industries, so that we may build the new industries for tomorrow. If you would like to be a part of a world leader into the FutureSM, and to work with some of the best minds and visionaries that will someday build new markets and invest in their abilities and dreams. This will represent a new way of thinking to be a future leader, and to uphold the best standards to represent the Future. It will reflect to the rest of the world a way to accomplish great benefits for our generation and future generations. You want to be remembered for what you have done and who you are. It is not how much money or power we have, but rather the ability to recognize someone's dream, and to help them accomplish it,SM and to test their ideas in any marketing sectorSM.

PAT. PEND.

We have spent years of building the brand FUTURETM with our pending rights in USA/UK.

We want to create an open global infrastructures to allow all people and all countries the ability to share the brand FUTURETM and to created and build new industries around it.

We Would Like To Have And To Create An Open Door Policy to Allow New Products To Be Discovered To Benefit Our World . At This Time We Do not solicit New Ideas because We Don't Have The Resources To do So . We Hope Soon To Have Pending Partners And Others Who Want To Join Us So We Can build the projects and Open infrastructure.

You can see our work at www.uspto.gov search page. Under Trademarks enter the owner's name Kent G Anderson

Looking for manufacturers, entrepreneurs. We believe our patents have global potential.

<http://www.futurevisionaries.com/>

5/28/2012

The patents can be viewed at www.uspto.gov. Search under patents and enter patent number.

1. Title: Patent Number 6077553.
This is a pizza with the pizza toppings on both sides called the Pizza Flip TM. We have also reserved pizzafip.com and have created a cartoon character called Pizza Flip for marketing. The market is for vending, frozen foods, restaurants and ovens.

2. Title: Patent Number 6161341.
Patent is a restaurant simulated time ship. Markets are amusement parks, hotels, shopping centers and restaurants. The patent has detailed drawings.

3. Title: Patent Number 5870797.
This is a unique self vacuuming and cleaning carpet system. Market includes homes, business, aircraft, boats, automobiles, office buildings and power plants.

4. Title: Patent No. 5548274
Virtual Tire Imaging. As the automobile's tires are moving, moving images and written material will be for viewing at night. The patent has detailed drawing.
The market is for automobiles, car shows and special events.

We are looking for TV shows, news shows or talk shows, that want to interview us, to promote our ideas and projects to others; so they may benefit from our ideas. To help others by creating new goods and services by sharing the Brand FUTURE by licensing the BRAND FUTURE and our Intellectual Property to others work together. This creates the infrastructure to allow people to test and to market their ideas in any market sectors.

We plan to help the world and we are looking for people who feel the same as we do.

Below are several examples of patents I have secured, including the Time-Saver SM Self-Cleaning Carpet, Rent & Rescue Toys™, and The Dust Buddies™

If you are interested and feel you have what it takes, please email me and tell me about your background, and what status you hold in society. What makes you unique or special in this world? What is your track record? Are you interested in investing?
I would love to hear from you. Below is my contact information.

Dear Mr Anderson

Thank you very much for your recent letter to Arcadia.

Arcadia's key mission is the preservation of cultural knowledge, such as extinct languages and museum quality artefacts, and the protection of ecosystems and environments.

Additionally the parameters of our charitable fund do not permit us to consider uninvited applications. The donor board decides on the purpose and recipients of grants which can only be made to registered charitable organisations.

I am so sorry that we cannot assist you and wish you every success in securing funding for your work.

With kindest regards.

Yours sincerely

RE: Your letter of February 18, 2009

Dear Sir:

We thank you for your letter together with the enclosures.
Your letter has been forwarded to our section to be properly
replied.

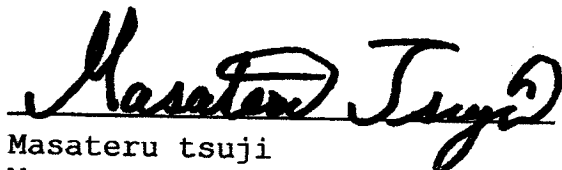

As you will kindly understand, our company is very occupied
with studying and testing ideas, proposals and suggestions from
our own employees for the development of new products and the
improvement of existing products, including the research of
applications for patents and other industrial property rights.
We are therefore incapable of carrying out studies or tests for
proposals and suggestions presented to us from outside the
company.

Under such circumstances, we have decided not to take up
any proposals or suggestions from outside the company. This
policy is taken for the purpose of avoiding any
misunderstandings or disputes between the sender of such
proposals or suggestions and our company. Especially, with
regard to naming of cars, we decline any proposals in
consideration of difficulty to coordinate with trademark rights
of others.

For this reason, we regret to inform you that we cannot
take up your proposal expressed in your letter.

Finally, we return your enclosures.

Yours very truly,
HONDA MOTOR CO., LTD.

To Whom it May Concern:

As the developer and owner of pending rights for FUTURE, I am looking for interest to help save this global endeavor. Would your foundation and/or your company be interested or know people or a company who would be interested in a partnership or merger with me and the global FUTURE Brands which is pending in the USA, UK and Europe? The goal that I have worked on for 12 years is to see the world word FUTURE shared to help all countries all people. The design is around people and their ideas for FUTURE. For more information search Google and search Kent G. Anderson and my web page is www.futurevisionaries.com.

Thank you.

Sincerely,

Kent G. Anderson

Office of Counsel

May 6, 2009

Mr. Kent G. Anderson
925 N. Griffin
Bismarck, North Dakota 58501

Dear Mr. Anderson:

This will acknowledge, with thanks, your letter to Robert Iger seeking out our interest in a business proposal by FUTURE. I have been asked to respond on behalf of Mr. Iger.

It was very kind of you to seek out our interest in the possibility of a partnership with your company. I must explain, though, that it is our company's long-established policy not to accept for review or consideration any ideas, suggestions or creative materials -- including even those offered in the form of a business proposal -- not specifically solicited by us or our subsidiaries. I trust you will understand that our intention is to avoid misunderstandings when projects are created internally which might be similar to submissions made to us from outside the company. Therefore, as required, I must return your letter, and accompanying articles, letters and promotional materials, unread, and without retaining any copies.

We hope that you will understand our policy. Please be assured of our thanks for your interest in writing to us.

Very truly yours,

A large, handwritten signature in black ink that reads "Stephanie R. Williams". The signature is fluid and cursive, with the first name being the most prominent.

Stephanie R. Williams

RE: Serial Number: 75/623340

The assigned examining attorney has reviewed the referenced application and determined the following.

No Conflicting Marks Noted

The examining attorney has searched the Office records and has found no similar registered or pending mark which would bar registration under Trademark Act Section 2(d), 15 U.S.C. Section 1052(d). TMEP section 1105.01.

Recitation and Classification of Services in International Class 41

The recitation of services is unacceptable as indefinite because the nature of the services and their particular field are unclear with the present wording. The applicant must amend the recitation to indicate the nature of the services and their particular field. TMEP section 1301.05.

The applicant may adopt the following recitation, if accurate: radio entertainment services, namely radio programs featuring performances by a indicate person or individual, e.g., fictional character, radio personality. If the applicant adopts the suggested recitation, the services are correctly classified in International Class 41.

Dear Sir:

I'm working on a huge project called the Future Island with everything on the island, the design, the products and goods, services and markets, etc. being futuristic. This will be a place for people to test their ideas in any marketing sector (patent pending).

Many years of thinking has gone into this project, as well as, securing legal rights to the name and the use of the Future name to identify goods, services, and products. Many intellectual property rights are being protected. The goal in the accomplishment of this project is to give all people a chance to succeed in this world. This will deal in many intellectual property issues. People have ideas and the vision that could benefit the world. The need for a place like this is necessary because there are so many people in this world that have these ideas, but they do not have the leadership, funds or the knowledge on how to reach the leaders or potential partners.

The goal and the focus is also to launch new industries, new products, markets, and services under the Future name. I have protected the Future name which deals with any marketing sector. Future Island has a futuristic city theme. The banks will focus on not how much the individuals have in assets but on their ideas and their dreams. It will deal with many leaders. This will be a secure place where people can meet these leaders.

I have the ability, vision and energy to do this, but unfortunately I have to play the game to find the funds to complete this project. My goal is also to find the partners and founders to share in the same dream and goals, to find a fascination with the future and to help others succeed while sharing their success.

Let me know if you have an interest in this project. At this time, I am seeking joint partners sponsors etc. for this project, but they must have similar interest and carry the values and integrity in which this corporation will represent set forth. This is a billion dollar project.

All rights reserved by Future corp.

An executive business plan is enclosed. Feel free to contact me at 701-223-0639.
Thank you for your time

Respectively submitted,

Kent Anderson

Dear L. H. Kramer:

Thank your for our conversation on April 29, 1996. I look forward to a very professional profitable business relationship between Ford and Millennium Technology. For the future, I have the vehicle alarm scent product (patent pending) that has enormous life saving potential that will be of great interest to the automobile industry.

I am looking for a top automobile maker to work with to market this product . I am interested in licensing this property . The patent pending vehicle alarm uses a scent to alert the driver of various conditions such as falling asleep.

Let me know if this interest you. Thank you for your time. Vehicle Alarm Scent Product C 1996 All Rights Reserve Millennium Technology.

Future Brands and licensing of intellectual property
CEo Founder Kent G. Anderson

I understand that your company looks for new companies and start ups. If not, do you know of parties that would be interested. Needed are funds for start up, hiring of team, securing of intellectual property rights and taking it public. The amount sought is open. The business goals are to create new opportunities and financing for development of new ideas and products in any marketing sector, to build new industry with goods, products, services and to build infrastructures with unique marketing. All will be identified with the name Future New Products/ Services.

Assets are the patents, method patent pending, large trademark rights for Future brands pending with cornered market in the United States. I possess leadership abilities and team player, CEO capabilities, forward thinking, creativity, inventiveness, honesty and willingness to learn new things.

Contact may be made at office fax 701-223-0639, e-mail milmntec@btigate.com or Future sm./Am 925 North Griffin, Bismarck, North Dakota 58501. Please contact if you have questions or concerns. Executive summary is available upon request. Please check out my web page <http://www.geocities.com/visionaryman2000/index.html>

I look forward to hearing from you.
Thank you.

February 15, 2000 Visionary inventor
concerned with the future

David Filo
3420 Central Expressway
Santa Clara, CA 95051

Dear Mr. Filo:

I'm contacting you because of your position, as well as, what you had accomplished with Yahoo and its success and continuing success. Your contribution to others and charities is impressive. The reason I am writing you is to find out if you or if you know of anyone who would be interested in a visionary project that I'm working on.

I am an inventor and dreamer with entrepreneur interest. I'm presently in security but my main interest is in business. My visionary ideas are with the future with more advancements than the present.

Do you know of someone who would be interested in the Future visionary retail project and someone who would help others succeed. The venture is to build a monumental structure for future generations with the Future SM theme. This would be an outlet for many retail and service outlets, as well as, an outlet for new ideas and inventions such as Future SM toys. People will be able to experience the present, past, and future. Knowledge can be passed onto others in this Future World structure where people will put aside their differences to accomplish great things for humanity.

Needed is a financial institution that will recognize a person dream, individual's ability, and Intellectual property. Future SM Bank will be part of the concept of a corporation. This Future Bank will follow an open door policy with stock shares. The corporation will also have business leadership who will produce and market Future products, and an environment for the accomplishment of the Future enterprise dream.

I would like to send you a portfolio which will include a video of myself showing the building of the module. You will realize the importance and see the potential of this project. Included will be a zip disk with images of the module which can be shown on a large format. The portfolio will include pictures of the module and the Time Ship simulator, as well as, many concept drawing to be shown to prospective visionaries.

If you are interested or know of someone who would be interested, call me at 701-223-0639.

Thank you.

Sincerely,

Kent Anderson

Chris Castro
City Hall
400 Steward Ave.
Las Vegas, Nevada 80101

Dear Mr. Castro:

Thank you for taking the time out of your busy schedule to visit with me and for your kind offer to help. My goal is to find the people with similar goals and vision with the ability to make this dream into a reality. My years of work has produced a model and trade names and other intellectual property.

This building venture and idea of the future world will draw crowds of potential customers. The environment will provide positive experiences with a most impressive environment for licensing and franchising. These experiences can be experienced inside or outside the complex. The advertising and ability of franchising of the future themes outside will be founded on the future with different retailers and malls that will sell with the focus on future related items. N to pervide and to recognize the emportance of perviding leadership knowledge and backing to future merchaints in with have future products to sell .

I am seeking individuals that have the means as well as similar goals and pursuits to carry out this futuristic building to provide services and future related products.

Enclosed is a narrative that will describe the businesses and pictures. Also enclosed is a video with a portfolio yours to keep as long as you want to show to perspective vishionaries also if you need any more info please call thank you.

If you have any questions, call me at 701-223-0639.

OCT .18 07
TO President Of Russia
Dear Mr president

This effects people Gloabl Rights Ideas To Use the Brand
FUTURE :

No confidentiality is involved; visit with anyone. Time is of the
essence. Would
be interested in a merger?

. I would appreciat A visit. . I'm president/founder/sole
proprietor of www.futurevisionaries.com with the emphasis
being the brand FUTURE which
has been pending in the USA for 7 years, UK and Europe.
FUTURE is like a country's
economy global infranstructure based on people and their
ideas.

What kind of partnership would you be interested in? This is
probably one of most
important letters that I've ever written. My mission is to see
the brand name FUTURE
being shared so that all people can benefit for their own
ideas. I'm looking for a company
that shares the vision as I do. I know that you have interests
in people.

My story or information is on my web page. I do need a
partner that enjoys helping
people succeed. My offer is a partnership in a FUTURE world
which I have created with
global pending rights and with the pending infrastructure
which has been under attack.
My ideas and people's global rights have been threatened in
oppositions.

Let me know your interest. All I am asking for is the vision and
help with carrying out
this global goal. I just want to be part of this life's work.
Please discuss this with your

associates and let me know as soon as possible. Call if you have questions or concerns
Research pending rights FUTURE; Tomorrow and Futuristic. Also look at 76133905 Word FUTURE which has been pending since 2000. Search uspto.gov under owner Kent G.
Anderson and time allowances. Rights are pending for Brand FUTURE for years and these pending rights need to show usage through the people and the sharing FUTURE Brand globally. In USA Time allowances Searl number regardless of Pep Boys ..attacks . USA Pend in time allowances 76/497832 Mark Tomorrow; 76/235435 FUTURE; 76/212083 FUTURE; 76/155262 FUTURE; 76/312587 FUTURE; 76/073356 FUTURE; 76/166701 FUTURE; 76/247198 FUTURE; 76/299227 FUTURE; Office Actions US; 76/545706; FUTURISTIC; 76133905 FUTURE PEND AT THE USPTO TTAB; 76/634950 FUTURE; 76/585316 FUTURISTIC; 76/537316 FUTURE; 76/088718 FUTURE; 76/276430 FUTURE; 76/511652 FUTURE; 76/462060 FUTURE; EUROPE FUTURE (FIGURATIVE MARK) APPLICATION NUMBER 003886983; FUTURE WORD Pend IN UK REF; FUTURE WORD MARK;
2290533. I hold many FUTURE USA R Trade Marks. The usage is my web page as there is every honorable intent to show usage and help people. Also see the global challenges set up by my own attorney whcih needs to go to court. Also rights are pending in United Kingdom and Europe. Also USA a method patent is pending since 2000 whichis trying to get revived.
This is so complex that USA Patent examiner didn'tt understand the USA Patent

APPLICATION Number 60/393/064 building a world by the
Brand FUTURE and people's
Ideas. I would like to work with you and your company.
I hope you will share my vision. I ask that FUTURE be shared,
and people rights and
global voices be represented, and that I be a part of my
ideas and allowed to help all
people in all countries. Just request this opportunity.

Kind regards,

Kent G Anderson

2001 Zimmer Golden Spirits

Art Zimmer, President/CEO of Zimmer Motor Car Co. with a 1987 Zimmer Golden Spirit behind him and a new white Zimmer Sports Coupé price at US\$89,900

new Zimmer Golden Spirit convertible. The 142 inch wheel base superb ride priced at only US\$95,900

This British racing Green 2001 Zimmer Golden Spirit convertible is fully loaded and one of only 7 convertibles for 2001

ARRIVE IN A ZIMMER GOLDEN SPIRIT™

WHY DRIVE A ZIMMER NEO-CLASSIC MOTOR CAR?

When looking at a 1920s or '30s motor car, most people just love the design and style. Their minds are filled with visions of grace, grandeur and the Great Gatsby. They say, "What fun it would be to own and drive a motor car like that". Unfortunately, the realities of owning and driving a classic or antique motor car eliminates most people from ever bothering to purchase one.

The cost factor is not really the major deterrent. Although very nice classic motor cars can cost several millions of dollars, you can find nice classics in the \$50,000 to \$100,000 price range. But classic cars are still totally impractical. The lack of readily available parts and service is a major drawback. The lack of modern safety equipment is another problem, and let's face it, the old classics are not very comfortable to drive or ride in. Thus was born the neo-classic motor car (neo-new), the best of the old and the new together in one grand motor car: a match made in heaven.

The new ZIMMER® Golden Spirit is the finest neo-classic motor car ever manufactured. The exterior design is pure classic grandeur right out of the Great Gatsby era, handmade to the highest quality possible.

Underneath, it is all a brand new Ford/Mustang base. You can drive into any Ford or Lincoln dealer and get full service. It has all the latest safety and modern engineering features available. It's a joy to drive. The four-door is on a Lincoln Town Car base.

So, if you are ready for a motor car that is distinctive, that sets you apart from the 'pack', that says, "I've arrived", that looks classic but is new and comfortable, a ZIMMER® Golden Spirit is for you. If you are a little tired of paying \$80,000 to \$125,000 for a car you can't find in a parking lot full of Fords and Chevys, then a ZIMMER® Golden Spirit is for you.

ORDERS ARE NOW BEING ACCEPTED FOR:

One of only 15 Zimmers to be manufactured in 2001. Several are now in dealer showrooms. Dealership applications are also being accepted now, for 2001. Choose from:

- 2 door
- 4 door sedan "personal limo" or
- 4 door convertible

All are "Fully Loaded"

is sketch of the new 2001 Zimmer Golden Spirit 4 door sedan now all the special Zimmer details. Priced at only US\$ 106,900. It is on a new Lincoln Town car. The 4-Door convertible is US\$135,900

President obama
white house

Dear , Mr President ,

I voted for you .

Like to take this time To congradulate you and your family on making history ,
and uniting our country our world all people

. In meny ways You remind me of my self

I also care for all people all countries . I am also a leader , a head of my time
a Visionary like your self , Im also a social networking you joined me on linked in .

The reason Im writing to you is my serious concern Im see ing in our country .

The IP of our country Is being controlled , By the rich Corp the Rich Lawyers ,

If you look at history this will help you see and understand our FUTURE .

Its not the Rich corp , Rich Lawyers that controll our laws , our Ideas .

People Are scared to invent they are sacred of being sued ,or there ideas being
stolen . Are country is in trouble because of Greed ...; No new ideas coming

In From our people the individual inventer , They cant compete with the Corp

money ...; That aply after them and .. then steal our ideas . Look at the Patents that
Corp

Own In USA, and how the USPTO is set up for the Rich Corp and the rich Lawyers ,

and The USPTO Allows Corp IP Theft Corp apply after the inventer and say we

have more money and we will steal your ideas . The Law Of Our country is

Set up for the rich . people cant afford , cant dont understand Laws , The Threats
From Corp Lawyers and the legal

System puts on people To even protect there ideas lifes Dream . Look at trade
mark procedure for to Get R Trade mark .. ; And USPTO our country allows Corp
To apply after You . and Then attack You .. ; Mr President I have placed 12 Years
of

My life ideas To a Global Cause and belief that the word FUTURE can be shared
so all people all countries can share the word FUTURE work Together . I saw

Years ago In my mind that FUTURE is word For the people By the people Poor
says Hope . Im going To Fight USA -USPTO Monopolies , challenge a system
set up for the Corp Rich Monopoly world . I designed FUTURE as Like a country
and people and there ideas as a Global open door self supporting infrastructure
I see Value in all people all countries FUTURE is the people there rights ideas
Individual im fighting for last 12 Years . all Ive been is attacked by some of the
worlds largest Corp and my ideas people ideas stolen ... Made O . ..My own lawyer
Of washington DC Set me up and our worlds FUTURE . see How NY law Firm NY
Corp is stealing Global people FUTURE sept 2004 . and How chantecaille , PEP
BOYS is

Stealing Global

people FUTURE . And How lincoln Financial aplied 5 Years after me called them
selves hello FUTURE , They attack me .. Global people FUTURE Just like dec
7 1941 tryed to work with

They attack .. ; FUTURE is a country To me way i designed it people and their
ideas for FUTURE ideas is product with word FUTURE creates Global open door

self supporting infranstructures , way to help all . Mr president i never opposed any

one or attacked any one , They have attacked me and Global people FUTURE .

Im a head of my time and 1 person Fighting for the poor Global people Voice

Any help is welcome , My hopes are may be i could have the honer to visit with you

and or have your

help or our country help to save Global people FUTURE . iv emailed you meny

times before . all The best

THE WHITE HOUSE

WASHINGTON

June 22, 2000

Mr. Kent Anderson
925 North Griffin Street
Bismarck, North Dakota 58501-3478

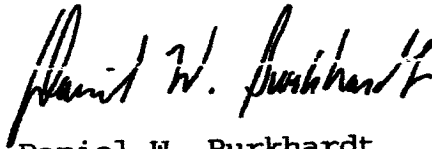

Dear Mr. Anderson:

On behalf of President Clinton, thank you for informing him of your work.

Unfortunately, the President cannot personally support or endorse all of the worthy projects brought to his attention. As you can imagine, President Clinton receives numerous requests to promote such causes. However, a long-standing White House policy cautions against the use of the President's name, likeness, activities, or words in connection with any such endeavor, regardless of its merits. This policy applies to both non-profit and for-profit efforts.

The President appreciates your interest and sends his best wishes.

Sincerely,

Daniel W. Burkhardt
Deputy Assistant to the President
Director of Correspondence and
Presidential Messages

Bismark, ND 58501

Dear Mr. Anderson:

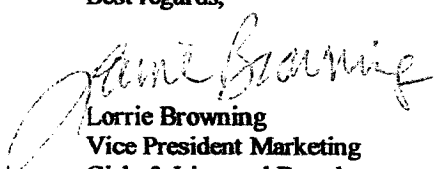

Thank you for considering Hasbro, Inc. as you explore merchandising opportunities for your Coconut Kids property and other visionary projects. As you may be aware, Hasbro, Inc. receives hundreds of submissions from creative people like yourself. Unfortunately, we cannot contract will all of them.

While your concept is entertaining, we would find it difficult to make a major licensing statement without a media engine; i.e. a television series, movie, direct to home video, or published book form.

Again, thank you for considering Hasbro, and best of luck in the development of your projects.

Please keep us updated on any progress with any potential entertainment partners, as our level of interest for character licenses intensifies once media elements are in place.

Best regards,

Lorrie Browning

Dear Mr. President:

Thank you for your reply., Thank you also to your staff to make this opportunity to correspond with you. I believe in there life there must be a reason for things to happen. I admire your commitment in helping others and for maintaining world peace.

I also have many ideas for our country and this world. I am excited about the future and outer space. I too admire Kennedy and his accomplishments as he saw into the future and what it could do for people and generations to come.

Mr. President, I have this dream as I had described in a previous letter the Future SM to build a marketplace to bring in new markets and build new industries anywhere where people will be able to come and test their ideas.

I believe the future lies in every one of us. We all have dreams for this world. I am concerned about the people of this world and the future. Every individual is unique in our world because we are different. I would like the dream Future SM in vision to help any people regardless of limitation to accomplish their dream.

If you look back at our history, many of our industries exist because of them and their dreams. I have immense and huge file with our prestigious trademark office with many aspects of this dream of mine and other. I am a person who is worried about how to protect this dream of the future. I know it will support many people and help launch their dreams. We need especially need to recognize our retired people who possess knowledge and experience to be preserved for future generations. I believe we won't be remembered for our money but what we have done in our achievements. Also we will live on through people that we touch.

Please review my trademark file to see how serious I am. When we all succeed, we all can benefit. Economic advances and more opportunities will be provided. We can't afford to loose this dream for the sake of people and their families.

There are many laws that govern our trademark. The cost factor to protect and preserve ideas for the future are considerable. I need to find a way and individuals that are concerned about the future of the world and its people and the ability to invest into Future SM.

I look forward to your response. Any questions or concerns pleas call me at 701-223-0639.

Sincerely,

Kent Andersonn

3400 Cahuyenga Boulevard
Hollywood, California 90063-1376

Dear Ms Massoti:

I'm sorry for the delay in this response. My interest is to license out , partnership, or royalties with reference to these ideas. I look forward to working with Hanna-Barbera to get these ideas on line.

I would like to not overwhelm you with my many new ideas for kids shows characterizations.

The following are some of the ideas:

The Magnificent Magical Transforming Dust Buddies. These dust buddies transform into lighting, water, snow, fire, and animals. They are made out of dust , and they have many different adventures through time travel with elements of good magic. The adventures with the Dust Buddies which teach children lessons battle with the pollutes.

The Dinoteens are part human and part dinosaur. They were ordinary teenagers who had transformed into part dinosaurs with split human DNA and dino DNA. I have included one drawing of one character.

The MIT-Teens are ordinary teenagers on vacation that encounter the glowing ooze in the ocean while they were swimming and are transformed into MIT Teens. The glowing ooze had good DNA and bad DNA giving the teens powers. Their adventures are about good teens saving the planet. One drawing is enclosed of these characters.

Attic Wonders are little creatures who have magical powers and they travel to other people's attics. The stories deal with the past with items from the past being able to tell adventures about other times. The kids will travel and learn in the travels to other attics in the world.

Mystical Magical Key World is a marvelous magical place where everything is alive. The Keys will take viewers on adventures through key holes where lost things exist. Through these adventures different characters are met.

Mystical Magical Fairies live in a dream world where kids will travel with fairies who travel under such places as pillows to fulfill children's wishes. Children learn values through the adventures.

Pipe wonderers who take kids on adventures in their travels through pipes confront many obstacles with magical powers.

My ideas also include kids super heroes. If you are interested please call me at 701-223-0639. Thank you.

yes the magical rainbow people
this is a magical place
you'll ride on the rays of the
rainbow around the world meet new friends.

Sincerely,
Kent Anderson

Bill Clinton
Office of Former President
Washington DC 20503-0730

Dear Mr. Clinton:

Congratulations on Mrs. Clinton becoming senator of New York. I know she will do a great job in representing New York's interest.

I'm writing to you is that I noticed that you will be key speaker at a Fortune Global Forum. My interest is to build a new world brand name Future to represent people's interests to build new industries and new markets by giving all people an equal chance of success by creating huge industries where people can test their ideas in any marketing sector and to invest in them which is a huge task as well as an honorable goal.

I have written countless letters and talk to business leaders. There are many get rich schemes that make it very hard to meet these people.

If I could be invited by you to attend this conference in Hon Kong, interested parties will appreciate who I am and my business model, values, leadership ability. Or if you know of interested parties in such a project, I would appreciate the contacts. Every penny I have is going into the trademark office to keep up the Future brand and the dream alive.

Please call with any questions or concerns. Let me know. This will be important to keep Future dream alive by meeting with people interested in partnership and joining forces to benefit our world.

Thank you. I look forward to hearing from you. Going to this conference could be the ticket to save Future dream.

President Of Russia
Dmitry Anatolyevich Medvedev

Dear Mr. President

Would your Country be interested in global FUTURE Brands to see people share FUTURE Brands with their own innovative ideas.

I am looking for a company /Country for partnership and/or merger as I would be honored to work with your country in the great country of Russia

I want to help all people all countries and share freely as I am a dreamer, a visionary, and a leader. Can this be done? FUTURE is 12 years of my life with the global idea FUTURE with the concept like a country for an and by the people which is built on a word brand idea FUTURE which is shared and intended to help all with a global self supporting infrastructure being the people ideas which are shared and used to work together with the word FUTURE. We all work together and combine our resources and ideas.

I want FUTURE designed like a country to have the rights as a country, and all people of all countries who use FUTURE Brand word ideas to become part of FUTURE country with all laws that a country has be restored to FUTURE country.

I need help to save the rights to the global and individual people's FUTURE and to recognize FUTURE as a city, a state, a country with the laws associated with a country like the USA.

A visit with you and those who would be interested in helping would be honored. A merger within the country of the USSR .. would be a possibility. The global vision are ideas with a cause to see the word FUTURE shared and not controlled with people and countries working together and helping all by sharing their own FUTURE and their ideas. I don't have the resources to launch or protect the rights for the global FUTURE. FUTURE resembles a country's economy, and FUTURE, the word brand, has a global infrastructure with people's ideas for FUTURE.

All I ask you for is to allow me to be part of my ideas with the people's FUTURE brands and rights to being represented fairly. Please advise me and share with others who would be interested.

All The best,

Kent G Anderson

Merger dept .

As the developer and owner of pending rights for FUTURE, I am looking for interest to help save this global endeavor. Would your foundation and/or your company be interested or know people or a company who would be interested in a partnership or merger with me and the global FUTURE Brands which is pending in the USA, UK and Europe? The goal that I have worked on for 12 years is to see the world word FUTURE shared to help all countries all people. The design is around people and their ideas for FUTURE. MARKETPLACE *Northern Plains* IDEAS INVENTION SHOWCASE & CONTEST

Kent Anderson to Display www.FutureVisionaries.com
at the Marketplace/Northern Plains Invention Showcase & Contest

Bismarck, ND (October 10, 2011) – Kent Anderson, a creative independent inventor from Bismarck, ND, will be showcasing his unique invention, www.FutureVisionaries.com, at the Marketplace/Northern Plains Invention Showcase & Contest being held in conjunction with the 2011 Marketplace of Ideas.

You can visit with Kent and view www.FutureVisionaries.com on Saturday, October 29, 2011, at the Bismarck Career Academy.

The Marketplace/Northern Plains Invention Showcase & Contest gives independent inventors a unique opportunity to gain exposure for their new idea/innovation. Inventors may test market their new ideas as well as interact with a variety of professional presenters such as Louis J. Foreman, creator of the PBS TV show *Everyday Edisons*, who will be the featured speaker. One on One consultations with professional consultants and invention workshops will also be available to participants.

First, second, and third place awards will be given in the adult innovators category as well as a youth innovator ages 14 to 18 category. Special awards will be awarded for innovation in agriculture, energy and technology, and people's choice.

Marketplace of Ideas works to cultivate and grow entrepreneurs and entrepreneurial communities by providing education, support, mentorship, solutions and networking opportunities.

For more information about Marketplace of Ideas and the Marketplace/Northern Plains Invention Showcase & Contest, visit www.MarketplaceofIdeas.org

Private security
Abdullah Vwerty
Part of King Abdullah
Jeddah Royal palace
Jeddah Saudia Arabia

TO: Vwerty

It is a great honor communicating with you. Someday I would like to meet with you. I understand that you are very busy. When King Abdullah First emailed me our project FUTURE, that gave me hope. I believe in King Abdullah partnership, and I believe that I have the ability to build such a huge global project. The applied pressure from Pep Boys and the time we have taken to protect our rights, makes this an urgent matter. The partnership with King Abdullah is really imperative. Since lost contact with Aamir im concern time limit so I have Also written Prince Alwaleed , Al Jubear, Prince bandar . I do not want to see our ideas controlled by one when it can benefit so many people globally.

King Abdullah's contacting me and believing in my abilities is so appreciated. This is a lifetime opportunity for all of us. I'm concerned with the limited time that we have and the legal system needed to protect our rights from Pep Boys. Usage needs to be shown. I believe that through USA, Saudi Arabia and other countries this trademark's usage can be maintained as well as create global opportunities for all people. Revenue from creating the new ideas and the brand FUTURE will help bring revenue to the Future Island projects. The possibilities are endless.

I have applied for these rights to the brand FUTURE in US/UK/ and CTM. Because of the challenger these valuable global rights and infrastructure will be lost. The challenger has more financial resources. King Abdullah interest needs to be known so that I can honor it. I have agreed to investment agreement in 2003. Changes can be made.

Revenue from the creating of new new ideas and the brand will help bring revenue to Future island projects.

Kindly I do not understand why this is taking so long. This project's demands great resources. At this time funds are requested for to work with so that I can equally represent our rights in the legal system Futura vs. FUTURE--Pep Boys vs me. Working with your advisors or attorneys would be an honor.

It would be an honor to visit with King Abdullah and To work with anyone he wishes. Please let me know his wishes as I am unable to contact him . Many fed Exs have been provided to you For King Abdullah updating the progress with FUTURE.

Hopefully, King Abdullah is still interested in the project. Please do inform me of the King's wishes. The last communication from Aamir seem promising then his e-mail seemed to be disconnected. I can travel anytime. I would like to visit with King Abdullah or his representatives. I'm looking forward to a successful business relationship, but I don't know how much longer I can hold out in keeping these rights because of circumstances beyond my control.

Your reply would be appreciated. Time is running out. Hopefully a transaction can be made in November or December. Confidentiality has been maintained. Kindly i need To Comuncate Call , email . leters take a long time i dont know if you revcie these and when I Would like To Call the royal palace levrane messge that i called this is not easy goes threw meny channels before i can reach you . or even to leave a message for the king abdullah . He conetced me back in 2002 and this is a life time oportuntiy for both of us .

i dont know if he knows How much i want his partership and have been hoing this project for Him for years . time Now is critacle for his posable partership . I Need to knowhis wishes so i amny honer them . Tell ing Abdullah thank you for all hes doing I Have inclosed my peronal account information the only acount i have , my dads been helping me out I dont know how much longer he can help me out and i keep these rights pend . this is very serious Case with pep boys . We need to take this searsly King abdulahs knows abot pep boys . I Look forwed to King abdullahs Partership
I Look forwaed to visting with King abdullah . And working with Aarnir is advisor .
please do kindly let me know
THank you .

Attention Net Works ,Biograpghy,

Dear Interviewer:

It's not how much money or power we have. It's the ability to recognize a person's dream and to help them accomplish it.

I would like to be interviewed on your show. I enjoy seeing people who have accomplished their dreams on the show. The positive image and goals projected to viewers come with the success stories told by people.

My name is Kent G. Anderson and I am from North Dakota. I am into inventing and possess intellectual property . I hold patents. I have worked security jobs. I can offer our viewers a positive image within your companies demands, as well as, share thoughts of the future. Many people call me ahead of my time.

My vision and goal is for the FUTURE sm. My goal is to provide people a means to test their ideas in any marketing sector to invest in their abilities and their dreams for the future and to build new industries and new markets for products for the future that will benefit all people.

What makes me special in order to be on your show is I have compiled a large portfolio which deals with many services under the name FUTURE sm. I have cornered the market. I also believe that Future should represent many people with their dreams for the future. The corporation will a leader in the future for people and their dreams that will be brought to new markets to benefit all. FUTURE sm will launch new companies and technologies with names that can be attached on to FUTURE sm. My goal is to find the people through the viewers of your show who have the fascination with the future and we have integrity, means, knowledge, and drive to help people realize their dreams and to share in their success

I am aware of the cost and the energy it will take. If there is a will, there is a way. We will not be remembered for our money but what we have done for people and the future.

Please call with questions and concerns. Feel free to do a trademark search under my name.

Thank you. I am looking forward to hearing from you.

Sincerely.,

Kent Anderson

FUTURE SM/TM

Attention: Visionaries, Entrepreneurs, Leaders, etc.

I am searching for partners to build something that nobody has done before and which is directed and dedicated to the future.

This will be a huge undertaking. Many years have gone into the thinking. Now I need to find the right people to form and build this corporation's foundation and building that will be recognized worldwide as a leader.

There will be nothing like this in the world. It is a place to build new markets, new industries and a place to test and market your ideas in any marketing sector. There will be stores, banks, hotels, museums, theaters, restaurants, radio and tv broadcasting, amusement parks, dealerships, etc.

I am ahead of my time being a prolific thinker and inventor. I want to share my visions of the future with the world. This complex is devoted to our future visionaries and people who care about our world and to find out what we can do for our world and our future.

You will experience the future. It will be like you have traveled through time and space to another world. Future will be a place to think and work with leaders, visionaries, and people who have ideas to benefit everybody. Future will be a place for enjoyment, knowledge, wisdom and a place for all people to enjoy and experience.

Do you have integrity, ability, means, knowledge, skills, and a fascination with the future, and do you find satisfaction in helping all people succeed to share their success and to benefit our world and the future to come? Do you share the interest that I have? If you do, I may be reached at 701-223-0639. *GOAL for first people to build the future*

Sincerely,

Kent Anderson

Dear Kent:

Thanks for contacting my office with questions regarding the opposition to your rights to the name, FUTURE. As you know, I contacted the United States Patent and Trademark Office (USPTO) on your behalf and received the enclosed letter in response to my inquiry.

Unfortunately, the USPTO is barred from responding to your specific questions because of the Trademark rules in this case.

Still, I hope this information proves useful, Kent. If there is another way I can be of assistance, please contact my office.

Dear Kent:

Thanks for contacting me with your concerns about how Pep Boys is opposing your rights to the Future name with the Trademark office. I appreciate how frustrating it can be to try to negotiate with such a formidable opponent.

I'd be interested in knowing the status of your situation right now and whether you might be interested in my sending a letter to the Trademark office on your behalf indicating my interest in your case. You could contact my field representative, Becky, at my Bismarck office by calling 250-4618.

Keep in mind, however, that if this issue is already at the court level, I have no authority in the court system and cannot offer any advice as to how to handle your court case. It's important to retain your attorney for those steps.

Again, thanks for keeping in touch with me about this. If there's a federal legislative, administrative or regulatory issue that I can be helpful with, please feel free to contact me.

Sincerely,

Byron L. Dorgan
U.S. Senator

RE: Application for Legal Services

Dear Mr. Anderson:

Please find enclosed the Vanderbilt Law School Intellectual Property and the Arts Clinic application for legal services. As I said in our phone conversation, the Vanderbilt Legal Clinic does not take and work new cases during the summer months. Yet, we do accept applications for legal services.

Once we receive your signed application, we will forward it to Prof. Michael B. Bressman, head of the IP and the Arts Legal Clinic, for review. Once he has made a decision regarding your application, you will receive communication from our office whether or not we can take your case. If we have any additional questions, we will contact you. Thank you very much.

Sincerely,

COURIER

Att Patric McDonough
Morgan Stanly
Finnacial Inc

Dear Mr. McDonough:

IRef To Partnership . Venture Capitol , -

I am seeking your advice. My goal is to build new industries and market places to benefit all people. I am an inventor and ultreprenure who is always thinking of the future. My goal and dream is to invest in all people and their dreams and abilities for the future by creating a means to test and market their ideas in the marketplace.

Many dominating factors control that markets. If one does not have the means or knowledge it is very hard to launch ideas. I would like to work with visionaries, inventors, goal oriented, positive people in this world.

My dream is Future SM TM. I have comered the market for this name for many service industries and different names that can be attached onto Future to represent even more dreams of people. I need to find the right people to form a foundation or corporation. These resources would have the knowledge and the fascination with seeing people succeed to benefit this world. These producers would represent this company in the best integrity and image possible in their endeavor to present people and their dreams to launch new industries that would benefit people and future generations.

The cost involve in keeping these trademarks are immense. I would really be open to any advice that you could give me. I look forward to hearing from you.

Thank you.

Sincerely,

Kent Anderson

THE FUTURE

The ability to recognize the future is invaluable to humankind. This can be achieved by building stores and places for people with products to sell futuristic ideas that are beneficial to everyone. Our dreams make us who we are, and create a brighter future for us all.

Visionary inventor
concerned with the future

Dear Ms Whitman

I'm contacting you because of your position, as well as, your success with business ventures. Would you or would you know of anyone who would be interested in a visionary project that I'm working on?

I am an inventor and dreamer with entrepreneur interest. I'm presently in security but my main interest is in business. My visionary ideas are with the future with more advancements than the present.

Do you know of someone who would be interested in the Future visionary retail project and someone who would help others succeed. The venture is to build a monumental structure for future generations with the Future SM theme. This would be an outlet for many retail and service outlets, as well as, an outlet for new ideas and inventions such as Future SM toys. People will be able to experience the present, past, and future. Knowledge can be passed onto others in this Future World structure where people will put aside their differences to accomplish great things for humanity.

Needed is a financial institution that will recognize a person dream, individual's ability, and Intellectual property. Future SM Bank will be part of the concept of a corporation. This Future Bank will follow an open door policy with stock shares. The corporation will also have business leadership who will produce and market Future products, and an environment for the accomplishment of the Future enterprise dream.

I would like to send you a portfolio which will include a video of myself showing the building of the module. You will realize the importance and see the potential of this project. Included will be a zip disk with images of the module which can be shown on a large format. The portfolio will include pictures of the module and the Time Ship simulator, as well as, many concept drawing to be shown to prospective visionaries.

If you are interested or know of someone who would be interested, call me at 701-223-0639.

Thank you.

Sincerely,

Kent Anderson

UNITED STATES OF AMERICA**

Dear Mr Anderson

Thank you for your recent letter and kind words.

As you will appreciate Mr Palmer gets many sponsorship and investment offers from many talented people, and as such he is only able to support Australian initiatives.

We wish you the very best for your future endeavours in this regard.

Yours faithfully

**Baljeet Singh
On behalf of Mr Clive Palmer**

Gary Marshall
10459 Sarah Street
Toluca Lake, CA 91602

Dear Mr. Marshall:

I have seen you on talk shows, and I want to congratulate you on the book Wake me up When it is Funny. I grew up with Happy Days. You are in the realm I would like to be in someday. Like you, I am energetic and always thinking of new ideas. I have been told by Technology Transfer that I am ahead of my time and by WIN a prolific inventor. I have the personality for advertising and doing commercials.

I am wondering if you would be interested in helping me market some of my ideas pertaining to cartoons and family TV shows. I am trying to get on line the Magnificent Magical Transforming Dustbuddies and Friends TM. This concept concepts of dust that transform into different types of characters who take kids on adventures. Since dust is everywhere, the adventures are plentiful. I have new ideas for TV shows. If you have contacts in this area, I would appreciate assistance or information on who to contact.

Thank you for your time. I'm looking forward to hearing from you.

Sincerely,

Kent Anderson

Subject: USPTO Law School Pilot program Share freely . Think of people can help save global people rights ideas for there own brand FUTURE

USPTO -Law School Pilot Program:

I have been made aware of the Law school pilot program and would like very much to take part in this. The trademark cancellations are pending for cases that include 12 years of fighting for global people rights and ideas for their own brand FUTURE vs years of USA Trademark cancellations by PEP BOYS and their FUTURA TIRES vs people brand FUTURE for vehicles..

The cases are the PEP BOYS Many, Moe and Jack of California Opposition No. 91204213 vs application No. 76133905 FUTURE filed in the year 2000 vs Kent G.

Anderson the applicant's application no. 76133905.

FUTURE ADS of CA opposition no. 91203191 FUTURE ADS vs. applicant Kent G. Anderson application no. 76133905 FUTURE filed in 2000.

This situation could be a great learning experience for students in law school program. Would you send me information if this is of interest to your program? I would be available to answer any questions over the phone to speed up the process.

Best regards,

Kent G. Anderson

Mr. Anderson,

I have reviewed your request for representation in TTAB proceeding No. 91203191. After reviewing the matter, we are unable to represent you due to our limited resources and prior client commitments. I wish you good luck in this matters.

THE FUTURE...

The ability to recognize the future is invaluable to humankind. This can be achieved by building stores and places for people with products to sell futuristic ideas that are beneficial to everyone. Our dreams make us who we are, and create a brighter future for us all.

FUTURESM ISLAND

A plan for the future...

FUTURESM GOALS

- TO BUILD SOMETHING NO ONE HAS DONE BEFORESM
- A PLACE TO PROJECT INTO THE FUTURESM
- TO BUILD NEW INDUSTRIES, NEW PRODUCTS, NEW MARKETS, ETC.
- BUILDING A NEW WORLD BRANDISM NAME FUTURES
- A PLACE TO TEST YOUR IDEAS IN ANY MARKETING SECTOR FOCUSED TOWARDS OUR FUTURESM PAT. PENDING
- TO INVEST IN THE PEOPLE AND THEIR IDEAS AND THEIR DREAMS FOR OUR FUTURE AND THE BENEFIT OF OUR WORLDSM

FEATURING:

- FUTURE RESEARCH CENTERS
- FUTURE RETAIL STORES/SHOPPING MALLS
- FUTURE RADIO, TV, BROADCASTING
- FUTURE ONLINE SERVICES
- FUTURE RESTAURANT SERVICES
- FUTURE PUBLICATION SERVICES
- FUTURE FINANCIAL SERVICES/BANKS
- FUTURE HEALTH CARE SERVICES
- FUTURE SPORTS RELATED SERVICES
- FUTURE TRANSPORTATION SERVICES
- FUTURE ENTERTAINMENT SERVICES
- FUTURE INDUSTRY SERVICES
- FUTURE HOTELS, MOTELS, CASINOS
- FUTURE EDUCATIONAL SERVICES
- FUTURE AMUSEMENT PARK SERVICES
- AND MUCH MORE

Seeking investors, leaders and partners who see a more highly advanced world, who care about what we can do for the world. Candidates would have the integrity, ability, knowledge, and financial means to make this possible.

I am also accepting contributions and donations to help pay for patent and trademark fees to keep the dream alive.
